The creators
Los creadores

Over the years the Cosmic Studio has been designing and developing numerous collections that have become classics. It has also collaborated with and coordinated work by renowned designers.

A lo largo de la historia Cosmic Studio ha diseñado y desarrollado multitud de colecciones que se han convertido en clásicos, y ha colaborado y coordinado el trabajo de reconocidos diseñadores.

Cosmic Studio

1993

Architect

A multitude of pieces come out of architectonic forms that dominate with their resistance. Full collection of accessories, converted into a classic.

De las formas arquitectónicas surgen multitud de piezas que destacan por su resistencia. Colección completa de accesorios convertida en un clásico.

Cosmic Studio

"A vocation for design. We rely on the creator as someone capable of successfully bringing the concept we want to convey to the consumer."

Team dedicated to innovation and researching new designs and materials.

"Vocación por el diseño. Apostamos por la figura del creador como alguien capaz de materializar el concepto que queremos transmitir al consumidor."

Equipo dedicado a la investigación de nuevos diseños y materiales y a la innovación.

1998

Inox

The resistance of steel combines with the most contemporary forms resulting in intensely sober and elegant pieces.

La resistencia del acero se une a las formas más contemporáneas dando como resultado piezas extremadamente sobrias y elegantes.

Cosmic Studio

1999

Ozone

A minimalist basin ideal for small spaces wich can be complemented by a towel bar.

Lavabo mínimo para espacios reducidos que opcionalmente puede incorporar un toallero doble.

Ricard Ferrer

Barcelona - España, 1968

"I like simple products, those which offer functionality without any pretension, that are elegant, those that fulfil their purpose."

Product designer from the Elisava School and the Llotja School in Barcelona, with a top-up BA in Design from the University of Southampton.

Nominations in the Delta Adi-fad awards and first prize in both 2001 and 2003 in the Expohogar design competition.

"Me interesan los productos simples, los que ofrecen el uso sin más pretensiones, los elegantes, los que cumplen lo que prometen."

Diseñador de producto por la Escuela Elisava y Llotja en Barcelona, BA top in design de la Universidad de Southampton.

Selecciones en los premios Delta Adi-fad y primer premio 2001 y 2003 en el concurso de diseño Expohogar.

Liria

The poetry and beauty of the flower make this lavatory brush a gift item.

La poesía y la belleza de la flor convierten el escobillero en un objeto de regalo.

Logic

Pieces that bring together the functions and basic forms of the bathroom to create comfortable and pleasant ambiences.

Piezas que recogen los usos y formas básicas del baño para crear ambientes confortables y cómodos.

Minimalism

Maximum wellbeing in the bathroom environment with minimum elements.

El máximo bienestar en el entorno del baño con mínimos elementos.

Javier Mariscal

Valencia - España, 19505

"To surprise first, to fascinate, later. And finally, to convince. This is our strategy."

Graphic designer from the Elisava School in Barcelona who has devoted his career to furniture design, interior design, graphic design, landscaping, painting, sculpture, illustration, web and multimedia design and animation. All of these disciplines form the basis of his professional activity.

"Sorprender primero, fascinar después. Finalmente convencer. Esta es nuestra estrategia."

Diseñador gráfico por la Escuela Elisava de Barcelona ha dedicado su carrera al diseño de mobiliario, el interiorismo, el diseño gráfico, el paisajismo, la pintura, la escultura, la ilustración, el diseño web y multimedia y la animación. Todas estas disciplinas son objeto de su actividad profesional.

Cosmic Studio

Cosmic Studio

2001

Lux Gold

Golden Lux award in the Fashion and Advertising category for the campaign conducted by artistic director Jaume de Laiguana for Cosmic. The project presented powerful photographs from choreographer Nacho Duato, who was managing the Spanish National Dance Company at the time.

Lux de Oro en la categoría de Moda y Publicidad por la campaña realizada por el director artístico Jaume de Laiguana para Cosmic. El trabajo presentaba fotografías impactantes del coreográfo Nacho Duato, que en aquel momento dirigía la Compañía Nacional de Danza de España.

Aluminium

Top level technical and functional features are blended together in refined and avantgarde aesthetics, with bathroom spaces explicitly in mind.

Altas prestaciones técnicas y funcionales se funden en una estética depurada y vanguardista, especialmente ideada para espacios de baño.

System

A collection of bathroom accessories designed to create decor sets by freely distributing mirrors, cupboards and shelves in aluminium base frames.

Muebles auxiliares de baño para configurar conjuntos a partir de espejos, armarios y repisas que pueden distibuirse libremente en los marcos base de aluminio.

Jonathan Daifuku

Boston - USA, 1954

"Creator of timeless pieces that combine understated practicality with different multicultural influences."

Architect from the School of Fine Arts in Paris. Bachelor in "Environmental Design and Architecture" from Rhode Island School of Design in the USA.

Finalist in the Lighting for Tomorrow competition with the Wave project. (2003).

"Creador de objetos intemporales que combinan una sobria funcionalidad con varias influencias multiculturales."

Arquitecto por la escuela de Bellas Artes de París. Bachelor en "Enviromental Design y Architecture" por Rhode Island School of Design en USA.

Finalista en el concurso Lighting for Tomorrow con el proyecto Wave. (2003).

Ricard Ferrer

2002

Lux Silver

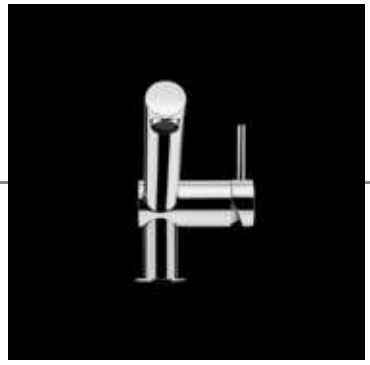
Silver Lux award for the campaign conducted by the artistic director Jaume de Laiguana for Cosmic. The proposal presented spectacular images of famous models such as Martina Klein, Eulalie Martine, Verónica Blume and Bimba Bosé, who appeared naked, surrounded by smoke, rubbish and freezing water, in order to condemn the pollution of the planet.

Lux de Plata por la campaña creada por el director artístico Jaume de Laiguana para Cosmic. La propuesta presentaba imágenes espectaculares de famosas modelos como Martina Klein, Eulalie Martine, Verónica Blume o Bimba Bosé, que aparecían desnudas rodeadas de humo, basura o aguas heladas para denunciar la contaminación del planeta.

Container

A set of shelves, containers and washbasin built at different levels to help with organisation.

Conjunto de estantes, containers y lavabo construido a diferentes niveles con el objetivo de marcar un orden.



Control

Extraordinarily subtle design and high technology to fulfil a simple and elementary concept.

Diseño extraordinariamente sutil y alta tecnología al servicio de un concepto simple y elemental.

Xavier Claramunt

Igualada, Barcelona - España, 1965

"Experience architect."

Architect from the Advanced Technical School of Architecture in Barcelona. Master Craftsman from the Government of Catalonia.

He became known as a jewellery designer, really took off as a successful aeronautical engineer and then took a wild leap and ended up as an unpredictable architect.

"Arquitecto de experiencias."

Arquitecto por la Escuela Técnica Superior de Arquitectura de Barcelona. Maestro Artesano por la Generalitat de Catalunya.

Se dio a conocer como diseñador de joyería, despegó como ingeniero aeronáutico para saltar en pleno vuelo y aterrizar como arquitecto impredecible.

Xavier Claramunt y Miquel de Mas

2003

Príncipe Felipe

Príncipe Felipe award for Business Excellence 2003 for marketing, management and design management. These awards, granted by the Ministry of Finance and the Ministry of Science and Technology, aim to give public recognition to those Spanish companies that have made a substantial effort to improve their competitivity factors, as well as to encourage other companies to continue working on the path towards excellence.

Premio Príncipe Felipe a la Excelencia Empresarial 2003 por marketing, gestión y gestión del diseño. Estos premios, otorgados por los ministerios de Economía y de Ciencia y Tecnología, tienen como objetivo hacer un reconocimiento público de aquellas empresas españolas que han realizado un importante esfuerzo por mejorar sus factores de competitividad, así como animar a otras empresas a seguir trabajando por el camino de la excelencia.

Premio a la calidad del diseño en la empresa

Business Design Quality award 2003, presented by BCD (Barcelona Design Centre) and the Barcelona Chamber of Commerce.

Premio a la Calidad del Diseño en la Empresa 2003, presentado por BCD (Barcelona Design Centre) y la Cámara de Comercio de Barcelona.

Liquid

Special quality material for the moist atmosphere of the bathroom and extraordinarily aesthetic beauty based on the most elementary and avantgarde forms.

Materiales con altas prestaciones para el ambiente húmedo del baño y extraordinaria belleza estética basada en las formas más elementales y vanguardistas.

Núria Coll y Willi Kunzel

Badalona - España, 1973
Dachau - Germany, 1968

"Agility and creativity. New perspectives in the field of design."

NC: Winner of first prize in the professional category of the Manacor furniture competition (Mallorca).

WK: Design at the Akademie Industriele Vormengeving in Eindoven, The Netherlands, and at the Elisava School in Barcelona. Collaborator in the European Design Centre for the Volkwagen group.

"Agilidad y creatividad. Nuevos puntos de vista en el diseño."

NC: Ganadora del Primer Premio profesional de Mobiliario de Manacor (Mallorca).

WK: Diseño en la Akademie Industriele Vormengeving de Eindoven, Holanda y en la Escola Elisava de Barcelona. Colaborador en el Design Center Europe del Grupo Volkswagen.

With

Wall-hung washbasins with rounded edges that are complemented with very practical auxiliary trolleys.

Lavabos de pared suspendidos y con acabados redondeados que se complementan de carros auxiliares muy prácticos.

Working

Based on pure function, without ostentation. Simple forms with an extremely elegant expression.

Basada en la función pura, sin más pretensiones. Formas simples con un gesto extremadamente elegante.

Xavier Claramunt y Miquel de Mas

Igualada, Barcelona - España, 1965
Barcelona - España, 1975

"Experience architect."

"As a sceptic, I seek originality and discover innocence."

XC: Architect from the Advanced Technical School of Architecture in Barcelona. Master Craftsman from the Government of Catalonia.

He became known as a jewellery designer, really took off as a successful aeronautical engineer and then took a wild leap and ended up as an unpredictable architect.

MDM: Interior designer from the Rubí Municipal School of Fine Arts (Barcelona) and technician of Interactive Multimedia Systems from UOC-UPC in Barcelona.

He trained as an interior designer but later became an industrial designer. He lives three-dimensionally, navigating digital environments and seeking new challenges.

"Arquitecto de experiencias."

"Incrédulo, busco la originalidad y hallo la inocencia."

XC: Arquitecto por la Escuela Técnica Superior de Arquitectura de Barcelona. Maestro Artesano por la Generalitat de Catalunya.

Se dio a conocer como diseñador de joyería, despegó como ingeniero aeronáutico para saltar en pleno vuelo y aterrizar como arquitecto impredecible.

MDM: Interiorista por la Escuela Municipal de Bellas Artes de Rubí (Barcelona) y técnico en Sistemas Interactivos Multimedia UOC-UPC de Barcelona.

Se formó como interiorista y se transformó a diseñador industrial. Vive las tres dimensiones, navega en entornos digitales y busca nuevos retos.

Cosmic Studio

2005

Compact

Be part of the most personal moments. The Compact bathroom collection achieves this air of complicity, with dual functions such as integred storage drawers.

Ser partícipe de los momentos más personales. Con la colección de lavabos Compact esta complicidad se consigue, ofreciendo funciones alternativas a la propia como los cajones de almacenamiento integrados.

Cosmic Studio

Organizer

Installations that want to leave the walls where they are hidden and wander through the bathroom surfaces.

Instalaciones que quieren salir de las partes donde están escondidas y pasearse por las superficies del baño.

Xavier Claramunt y Miquel de Mas

Organizer

Metal tubes with hanging neoprene structures for an optimal organization.

Tubos metálicos con estructuras colgadas de neopreno para una organización óptima.

Xavier Claramunt y Miquel de Mas

Premis Delta'07

Δ

Delta Plata

Simplex

Washbasins and polyethylene stools made with a modern and innovative technique that offers rounded, simple and resistant finishes.

Lavabos y taburetes de polietileno fabricados con una moderna e innovadora técnica que permite acabados redondeados, simples y resistentes.

PREMI DELTA Simplex

Delta de Plata award for its Simplex collection in the 32nd edition of the Delta ADI-FAD awards of Industrial design.

Premio Delta de Plata 2007 por su colección Simplex en la 32ª edición de los premios Delta ADI-FAD de Diseño Industrial.

Martín Ruiz Azúa y Gerard Moliné

País Vasco - España, 1965
Barcelona - España, 1977

"Global communication for a local life."

"Design must also learn from craftmanship above all from its ethics and sustainability."

Postgraduate degree in Architecture and Design of Ephemeral Installations from the Polytechnic University of Catalonia (UPC). Design Plus award 2009 for the Cosmic Flow collection, Interior Designer Plus award 2009, AD award for best designer 2010, Silver Delta award 2011.

GM: Graduate of the Elisava Barcelona School of Design and Engineering. ADI FAD medal 2002, Expohogar Regalo award (2005, 2006), top nominated design in the INDEX 2005 awards. Since 2003 he has worked alongside Martín Ruiz Azúa on different projects.

"Comunicación global para una vida local."

"El diseño también debe aprender de la artesanía, sobre todo ética y sostenibilidad."

MRA: Licenciado en Bellas Artes (Diseño) por la UB. Postgraduado en Arquitectura y Diseño de Montajes Efímeros por la UPC.

Design Plus 2009 Flow de Cosmic, Premio Interiorismo Plus 2009, Premio AD mejor diseñador del año 2010, Premio Delta de Plata 2011.

GM: Graduado en la Escuela Superior de Diseño Elisava.

Medalla ADI FAD 2002, Premio Expohogar Regalo (2005, 2006), Top Nominated INDEX 2005.

Desde 2003 ha trabajado conjuntamente con Martín Ruiz Azúa en diferentes proyectos.

2005

Contract

Functional forms that do not renounce the touch of elegance that makes them unique.

Formas funcionales que no renuncian a ese toque de elegancia que las convierte en singulares.

Anonymous

Pieces that combine more than one function and offer multiple alternatives: magazine/ toilet paper racks, shelves with hooks...

Piezas que combinan más de una función y ofrecen múltiples alternativas: portarrollos revistero, estante colgador...

Cosmic Studio

Emiliana Design Studio

ANA MIR
Valencia, Barcelona - España, 1969

EMILI PADRÓS
Barcelona - España, 1969

"We offer a fresh approach to every project. Our values consist of experimenting with new materials, objects and spaces."

AM: Bachelor in Fine Arts from the Polytechnic University in Valencia and Master in Industrial Design from the Central Saint Martin's School of Art Design in London (1992-1994).

She teaches at (Gives classes at) the Elisava ESDi School of Design in Barcelona.

EP: Master in Industrial Design from Central Saint Martin's School of Arts and Design in London (1992-1994). Industrial Designer from the Elisava School.

In 1996 he founded the Emiliana Design Studio with Anna Mir for product and furniture development, interior design, curatorship and exhibition design.

"Ofrecemos un renovado enfoque en cada proyecto. Nuestros valores son la experimentación con los materiales, objetos y espacios."

AM: Licenciada en Bellas Artes Artes por la Universidad Politécnica de Valencia y Master en Diseño Industrial por la Universidad Central Saint Martin's School of Art Design de Londes (1992-1994).

Imparte clases en Elisava Escola Superior de Disseny de Barcelona.

EP: Master en Diseño Industrial en Central Saint Martins School of Arts and Design, 1992-94 London. Diseñador Industrial por la Escuela Elisava.

En 1996 funda emiliana design studio junto con Anna Mir para el desarrollo de producto y mobiliario, el interiorismo, el comisariado y diseño de exposiciones.

2006

Bath Life

Set of perfectly straight lines and angles within an exclusive and timeless design.

Conjugación de líneas y ángulos rectos perfectos, de diseño exclusivo y atemporal.

Carles Ferruz

Barcelona - España, 1968

"Avant-garde design and development of integral decoration projects."

Interior designer from the Llotja School in Barcelona.

After 20 years of experience in the sector, in 1993 Carles Ferruz launched FERRUZ DECORADORS at his current location in Barcelona.

"Diseño de vanguardia y desarrollo de proyectos integrales de decoración."

Interiorista por la Escuela Llotja de Barcelona.

Tras 20 años de experiencia en el sector, en 1993 Carles Ferruz abrió las puertas de FERRUZ DECORADORS en su actual sede en Barcelona.

Bath Life

A timeless range, made with fine materials, which evoke pure and sophisticated styles.

Serie atemporal, realizada con materiales nobles, que evoca formas puras y sofisticadas.

Carles Ferruz

Drop

Arising from the image of the drop of water that adapts and flows over surfaces, based on the architectural forms of each object so they are easily recognisable for the user but more rounded, as if they had been eroded by water.

Nace a partir de la imagen de la gota de agua que se adapta y fluye sobre las superficies, partiendo de las formas arquetípicas de cada objeto para que sean fácilmente reconocibles por el usuario, pero más redondeadas, como si estuvieran erosionadas por el agua.

Ricard Ferrer

2007

Saku

Vegetable forms that grow and evolve; thus its name "saku", to flourish in japanese.

Formas vegetales que crecen y evolucionan, de ahí su nombre "saku", florecer en japonés.

Ricard Ferrer

Extreme

Serene balance between sober elegance of rectangular lines and the sensuality of forms.

Sereno equilibrio entre la sobria elegancia de las líneas rectangulares y la sensualidad de sus formas.

Cosmic Studio

Project

From the amalgamation of circular and squared forms comes the versatility and functionality of all its elements.

De la conjugación de formas circulares y cuadradas, surge la versatilidad y funcionalidad de todos sus elementos.

Cosmic Studio

2008

DESIGN PLUS 2007

Block

Sculpt refined forms. Soften angles. Trace soft lines. Cosmic has cast one of its most emblematic collections, Block, relocating it in time using a new material of exceptionally high quality.

Esculpir formas depuradas. Redondear los ángulos. Trazar líneas suaves. Cosmic ha moldeado una de sus colecciones de lavabos más emblemáticas, Block, resituándola en el tiempo con un nuevo material de una calidad excepcional.

DESIGN PLUS Block

Design Plus Award 2007 for Block collection, given by the German Design Council in collaboration with Messe Frankfurt.

Premio Design Plus 2007 por la colección de mobiliario Block, concedido por German Design Council en colaboración con Messe Frankfurt.

Flow

The sensuality of natural forms blends into a strict and functional geometry.

La sensualidad de las formas naturales se funde en una estricta y funcional geometría.

Cosmic Studio

Martín Ruiz Azúa y Gerard Moliné

2009

DESIGN PLUS 2009

DESIGN PLUS Flow

Design Plus Award 2009 for Flow collection, given by the German Design Council in collaboration with Messe Frankfurt.

Premio Design Plus 2009 por la colección Flow, concedido por German Design Council en colaboración con Messe Frankfurt.

Organics

Pieces without edges, moulded by and for use. their design is inspired by the erosion of water, its blurring of contours and how they are moulded to sweeten their profiles.

Piezas sin aristas, modeladas por y para su uso. su diseño se inspira en la erosión del agua y en cómo ésta difumina los contornos y los moldea dulcificando los perfiles.

Ricard Ferrer

Hiro

Designed for organisation and storage requirements, offering solutions to spaces usually between the toilet and the bathroom fittings.

Pensada para resolver diversas necesidades de organización y almacenaje, aportando soluciones a los espacios que suelen quedar entre los sanitarios y el mobiliario.

Ricard Ferrer

2010

Black & White

The classic colour contrast transforms the bathroom into a bold atmosphere or blends it in to the other components to create harmonious and diaphanous environments.

El contraste cromático más clásico permite transformar el baño en un ambiente atrevido o bien fundirse con el resto de elementos para convertir los entornos en armónicos y diáfanos.

Cosmic Studio

2011

Modular

Modular is the most intelligent and flexible solution for organisation and storage requirements in the bathroom environment.

Modular es la solución más inteligente y flexible para las necesidades de orden y almacenaje en el entorno del baño.

Àlex Armenter

Barcelona - España, 1961

"A good project begins with a good commission"

Architect from the Polytechnic University of Catalonia (UPC).

Architecture and interior design projects for leading companies, including Industrias Cosmic, SAU.

Dedicated to the restoration of buildings in Barcelona and London.

"Un buen proyecto empieza por un buen encargo."

Arquitecto por la UPC.

Proyectos de arquitectura e interiorismo para destacadas empresas entre ellas, Industrias Cosmic, SAU.

Dedicado a la rehabilitación de edificios en Barcelona y Londres.

2013

Fancy

When less is more. Furniture with washbasin, wall and counter top washbasins. Compacted collection and also adaptable to all spaces and needs. Warm and refined forms, because of its rounded edges.

Cuando menos es más. Muebles con lavabo, lavabos a pared y de sobreencimera. Colección compacta y a la vez adaptable a todos los espacios y necesidades. Formas cálidas y depuradas gracias a sus cantos redondeados.

Cosmic Studio

2015

Global Container

Simple lines and innovative concepts reveal an ultracontemporary collection.

Una colección ultra contemporánea por sus líneas básicas y conceptos innovadores.

Xavier Claramunt y Miquel de Mas

2016

Container

The reedition of the original collection with fine materials creates elegant and unique enviroments.

La reedición de la colección original con materiales nobles premite crear espacios elegantes y únicos.

Xavier Claramunt y Miquel de Mas

2017

The Grid

Parallel lines which frame objects specifically designed for an architecturally engineered bathroom.

Líneas paralelas que enmarcan objetos dedicados a un baño concebido desde la óptica arquitectónica.

Ricard Ferrer

2018

Geyser

Shapes that flow like water for an accessory line designed for today's bathroom.

Formas que fluyen como el agua para una línea de complementos pensada para el cuarto de baño actual.

Nahtrang Disseny

Daniel Vila, Sant Quirze Safaja, 1975
Ester Pujol, Sabadell, 1977

''We like to work with pure forms that are nonfigurative, seek out the difference and play with disproportions.''

Industrial Designers of the Escola Massana in Barcelona. They found the Nahtrang Studio in 2004. In 2012, they win a Silver Delta Award for the Pile light. In 2016, they are selected for a Delta Award for the Revolt lamp, with which they win the 2017 NYC X DESIGN Award in their category, among other international recognition.

"Nos gusta trabajar con formas puras, que no sean figurativas, buscar la diferencia y jugar con desproporciones."

Diseñadores Industriales por la Escola Massana de Barcelona. En 2004 fundan Nahtrang Studio. En 2012 ganan un Delta de plata por la baliza Pile, 2016 son seleccionados en los premios Delta por la lámpara Revolta con la que ganan en 2017 el NYC X DESIGN Award en su categoría, entre otros reconocimientos internacionales.

2019

Mod

Mod is a collection of cabinets for washbasin with a large interior capacity and smooth lines, ideal for those who prioritise comfort in their bathroom.

Mod es una colección de muebles con lavabo de gran capacidad interior y líneas suaves, ideal para los amantes de la comodidad en el cuarto de baño.

Cosmic Studio

2019

The Grid Evo

Evolución de una colección de muebles para el baño de inspiración arquitectónica que incorpora nuevos lavabos y funcionalidades.

Ricard Ferrer

Architect S+

New generation of bathroom accessories with finishes of the future.

Nueva generación de accesorios para el baño con acabados del futuro.

Cosmic Studio

2020

Inside

Ultra-minimalist accessories that save room for the sensuousness of shape.

Accesorios ultra minimalistas que dejan espacio a la sensualidad de la forma.

Eugeni Quitllet

Eugeni Quitllet

Ibiza-born (1972), he graduated from Llotja Art School in Barcelona.

"I am a HYPERDESIGNER. It is reaching a point where reality and fiction meet in what we could consider the limit of what is productive".

Eugeni Quitllet creates bestselling objects between drawings and sculptures, mastering fullness and voids to reveal elegant silhouettes hidden in the material. His creative vocabulary surpasses the simple relationship between function and style introducing new objects to the contemporary design scene, always with unwavering enthusiasm.

Nacido en Ibiza (1972), se graduó en la escuela de arte Llotja de Barcelona.

"Soy un HIPERDISEÑADOR. Es llegar a un punto en que la realidad y la ficción se tocan en lo que podríamos considerar el límite de lo productible".

Eugeni Quitllet crea objetos con gran éxito comercial cuyo origen se mueve entre los dibujos y las esculturas y que revelan elegantes siluetas ocultadas en el material. Su vocabulario creativo supera la simple relación entre función y estilo, introduciendo nuevos objetos a la escena del diseño contemporáneo, siempre con un entusiasmo inquebrantable.

New icosmic website
Nueva web icosmic

Cosmic launches its new website. The new website provides users with more interactive possibilities thanks to its 3D Configuration section, which can be accessed through the main menu and offers three easy-to-use tools that will help you choose the furniture, shower enclosure or composition of the Modular collection that best suits your bathroom.

In addition to these new features, the new **www.icosmic.com** website has a new modern and responsive design, which adapts to any screen size, be it PC, tablet or mobile phone.

The new website is completely intuitive thanks to a system of banners on the home page that conveniently take the user to other subpages where the brand's information is displayed by collection, product and designer.

Another advantage of the new website is that it allows users to easily locate the brand's distributors through a map that geolocates the different distribution points in relation to Cosmic's source location. Users can also search by post code, or city and enter a proximity radius of 15, 25, 50 or 100 km.

In terms of further user interaction, the website also includes access to the company's social networks, a query form and a subscription form for signing up to the newsletter.

Enter the new www.icosmic.com website and play around with the new configuration tools!

Cosmic estrena nueva web. El nuevo sitio proporciona a los usuarios más posibilidades de interactuar gracias a su apartado de Configurador 3D, al que se accede a través del menú principal y da paso a tres fáciles herramientas que te ayudarán a elegir el mueble, mampara o composición de la colección Modular que mejor se adapte a tu baño.

Además de estas nuevas funcionalidades, la nueva **www.icosmic.com** destaca por tener una estética actual y un diseño responsive, que se adapta a cualquier tamaño de pantalla, ya sea PC, tableta o móvil.

El nuevo sitio es totalmente intuitivo gracias a un sistema de banners en la home que llevan cómodamente al usuario a otras subpáginas donde se presenta la información de la marca ordenada por colecciones, productos y diseñadores.

Otra de las ventajas de la nueva web es la fácil localización de los distribuidores que trabajan con la marca a través de un mapa que geolocaliza los diferentes puntos de distribución con la inicial de Cosmic. También se puede hacer la búsqueda por código postal, o ciudad y poner un radio de cercanía de 15, 25, 50 o 100 Km.

Continuando con la interactividad con el usuario, la web incluye acceso a las redes sociales de la firma, a un formulario de consulta o al de subscripción para recibir la newsletter.

¡Entra a la nueva www.icosmic.com y juega con los nuevos configuradores!

Furniture configurator
Configurador de muebles

This configuration tool is the ideal place to start thinking about how to renovate your bathroom. With this tool, you can start your project by choosing the type of furniture that meets your needs. Once you have decided on a style of furniture, a window will open at the bottom of the page with a real preview of your bathroom, which you can enrich with: different furniture colours, shelves, washbasins, faucets, cabinets, different cabinet colours, mirrors, wall lamps and a host of accessories. Once your project is finished you will get a quote for your configuration. It's that easy.

HERE IT IS IN 4 SIMPLE STEPS:

1. In the main menu go to the 3D Configuration tab and choose FURNITURE, the second option from the drop-down list.

2. After selecting this you will be taken to a screen displaying all the furniture options available to you in a neutral color. At the top you can filter by series and/or by width measurements.

3. Choose the furniture you want and click on the photo of the neutral product. You will immediately be shown the furniture placed on the wall, in a simulation of a bathroom. Note that on the right there is a side menu where you can choose the finishes for the furniture, as well as other options.

4. Once your selection is complete, there is one last step: download the PDF and get a quote for your configuration, as well as a photo of how it would look with all the selected elements. The PDF includes a QR code with all the information. Now you just need to formalize the order.

Congratulations!

Este configurador es el sitio ideal para empezar a pensar cómo renovar el cuarto de baño. La herramienta permite iniciar el proyecto eligiendo el tipo de mueble que más se adapte a las preferencias del usuario. Una vez decidido el modelo, se abre una ventana en la parte inferior de la página con un ambiente de baño real que se puede enriquecer con: el color del mueble, estantería, lavabo, grifería, armario, color del armario, espejo, aplique y accesorios. Una vez terminado tu proyecto obtendrás un presupuesto de tu configuración. Así de fácil.

AQUÍ LO TIENES EN 4 SENCILLOS PASOS:

1.En el menú principal ve a la pastilla Configurador 3D y elige del desplegable el que lleva el nombre MUEBLES, en segunda posición.

2. Cuando has hecho click, entras en una pantalla con todas las posibilidades de mueble que tienes disponibles en color neutro. En la parte superior puedes filtrar por serie y/o por medidas de ancho.

3. Elige el mueble que quieres y clica sobre la foto del producto neutro. Inmediatamente verás en la pantalla el mueble puesto en pared, en una simulación de un cuarto de baño. Fíjate que en la derecha tienes un menú lateral en el que puedes elegir el acabado del mueble, así como otras posibilidades.

4.Una vez completada tu selección, te queda un último paso: descárgate el PDF y obtén el presupuesto de tu configuración así como una foto de cómo quedaría con todos los elementos elegidos. El PDF incluye un código QR con toda la información. Ahora sólo falta que formalices el pedido.

¡Enhorabuena!

Modular Plan

With **Modular Plan** you can try out multiple combinations until you find something that really corresponds with the tastes or needs of your clients. Please see some examples below of combinations that you can use as a guide. We would like to invite you to take a look at our website (www.icosmic.com) and to use Modular Plan. It is a finely honed tool that offers a comprehensive range of products to create different environments: washbasins, furniture, faucets, mirrors and lighting. modular plan.

Modular Plan is a new planning tool designed to configure the bathroom space with the innovative Modular furniture system. This new tool enables you to experiment by combining deeps, sizes and colours until you find the perfect solution for your customers' needs and tastes. For full information and to aid sales, Modular Plan can provide a completely personalised quotation.

WHAT DOES MODULAR PLAN GIVE YOU?

- An easy, flexible and intuitive method that enables you to create as many bathroom compositions as you wish.
- A full product range to design your ambiences: washbasins, unit, taps, mirrors and lighting.
- A customised layout.
- Possibility of personalising your bathroom space with different sizes, depths, material, colours and accessories.
- Space creations with plan and elevation views.
- Final quotation of your composition and price of each piece selected.
- Full information in 7 languages: Spanish, Portuguese, English, French, Italian, German and Dutch.

HOW DOES MODULAR PLAN WORK?

Modular Plan avilable in **www.icosmic.com**

- Access for final consumer. No prices.
- Access for authorised distributor with personal access key (provided by our sales team). Prices available.

Con **Modular Plan** podrá realizar múltiples combinaciones hasta encontrar la que realmente se acomode a los gustos o necesidades de sus clientes. A continuación presentamos unos ejemplos de conjuntos que le pueden servir de guía. Le invitamos a que acceda a nuestra web (www.icosmic.com) y que utilice Modular Plan. Es una herramienta ágil que contiene una completa gama de producto para diseñar sus ambientes: lavabos, mobiliario, griferías, espejos e iluminación.

Modular Plan es una herramienta de planificación muy útil diseñada para la configuración del espacio del baño con el sistema de mobiliario Modular. Con esta herramienta usted podrá experimentar combinando profundidades, medidas y colores hasta encontrar la solución perfecta a las necesidades y gustos de sus clientes. Para completar la información y facilitarle la venta, Modular Plan le permite obtener un presupuesto totalmente personalizado.

¿QUÉ LE OFRECE MODULAR PLAN?

- Una manera fácil, ágil e intuitiva que le permite crear tantas composiciones de baño como desee.
- Una completa gama de producto para diseñar sus ambientes: lavabos, mobiliario, griferías, espejos e iluminación.
- Configuración del espacio a su medida.
- Posibilidad de personalizar su espacio de baño con diferentes tamaños, profundidades, materiales, colores y complementos.
- Creación de espacios con vistas en planta y alzado.
- Presupuesto final de su composición y precio de cada una de las piezas seleccionadas.
- Toda la información en 7 idiomas: español, portugués, inglés, francés, italiano, alemán y holandés.

¿CÓMO UTILIZAR MODULAR PLAN?

Pronto en nuestra página web **www.icosmic.com**

- Acceso para consumidor final. Sin precios.
- Acceso para distribuidor autorizado con clave de acceso personal (facilitada por nuestro equipo comercial). Tarifa disponible.

Self & soft close with new rail system which can be completely removed. The inside of the drawers is comprised of compartments so that items can be neatly organized.

Apertura y cierre amortiguado con guías de extracción total ocultas soft & self close. El interior de los cajones se presenta con contenedores para distribuir los utensilios de forma organizada.

The drawers, with a handle in the side, are completely removable to let the most pleasant use.

Los cajones, con tirador integrado en el lateral,se extraen totalmente permitiendo un uso muy cómodo.

Leg set (optional).

Patas opcionales.

Block has successfully passed the high demanding tests of long last durability and resistance to extreme uses (static charge or impact testing) to assure long last durability of the product.

Toda la gama **Block** ha superado con éxito exigentes tests de durabilidad y resistencia a usos extremos (cargas estáticas o test de impacto), para asegurar una larga vida al producto.

Eco friendly: furniture made in Spain following the chain of custody in forestry.

Producto ambientalmente responsable: muebles fabricados en España conforme la cadena de custodia de productos forestales.

Cabinet with aluminium shelves.

Armario con estantes en aluminio.

Lacquered finishing and high quality laminate. Colours unalterable.

Acabados lacados de alta gama. Los tonos se mantienen inalterables a lo largo del tiempo.

Block Design by **Cosmic Studio**

100% recyclable: 100% of the material can be recovered.

Reciclable 100%: puede ser reemplazado y utilizado al final de la vida como inerte.

CRISTALPLANT® BIOBASED

Less CO_2: 30% lighter which not only allows for easier manipulation and installation but produces less CO_2 than other similar products.

Menos CO_2: composición muy ligera, ha reducido su peso específico en un 30%, produciendo, por tanto, menos CO_2 con respecto a productos similares disponibles actualmente en el mercado, además de facilitar su manipulación e instalación.

Solid Surface Biobased Washbasins
Cristalplant® Biobased Washbasins: unique compound material, technologically advanced, made up of 50% natural minerals (aluminium trihydrate -ATH- derived from bauxite) and 50% high-purity polyester bioresins. An inert, hypoallergenic, non-toxic material.

Solid Surface Biobased Washbasins
Lavabos de Cristalplant® Biobased: material compuesto, tecnológicamente avanzado y único, formado por un 50% de minerales naturales (trihidrato de aluminio –ATH– derivado de la bauxita) y un 50% de biorresinas de poliéster de gran pureza; se trata, por lo tanto, de un material inerte, hipoalérgico y no tóxico.

Plant resins: this is the first ecologically sustainable solid surface derived from plant resins mixed with highly pure natural minerals. Some 30% of the resin component, formerly of fossil origin, has been replaced with polyesters of plant origin from certified growers.

Resinas de origen vegetal: es el primer solid surface eco sostenible que deriva de materias primas resinosas de origen vegetal mezcladas con minerales inertes y naturales de extrema pureza. El 30% de la resina, anteriormente de origen fósil, ha sido substituida por poliésteres de origen vegetal procedentes de cultivos certificados.

Non-GMO: VOC (Volatile organic compounds) and BIO-BASED points awarded for the eco-sustainability certificate "Leadership in Energy and Environmental Design". This material has been certified as containing resins derived from vegetable starches and non-GMO corn. While the minimum requirement is 5%, these resins reach 12% in our product.

Sin OGM: es un material idóneo para obtener puntuación VOC (Compuestos Orgánicos Volátiles) y BIO-BASED para el certificado de eco-sostenibilidad "Leadership in Energy and Enviromental Design". El material obtuvo el certificado que confirma que las resinas derivan de almidones vegetales y maíz sin OGM (organismos genéticamente modificados); en el material, dichas resinas superan incluso el 12%, cuando el requisito mínimo es normalmente del 5%.

Durable and recoverable: this material regains its original appearance using soapy water and a scrubber which will eliminate even cigarette burns. The durable and recoverable nature make this is an eco-compatible material.

Duradero y recuperable: material que puede recuperar completamente su aspecto original utilizando simplemente detergentes y estropajos abrasivos para eliminar incluso las quemaduras de cigarrillo. Sus propiedades de duración y capacidad de recuperación lo convierten en un material eco-compatible.

The hidden click-clack drain valve can be easily open and close by pressing the cover.

Al presionar la tapa abrimos o cerramos la válvula automática oculta click-clack.

CRISTALPLANT

5

YEARS GUARANTEE

AÑOS GARANTÍA

Optimum ultraviolet resistance: compact, non-porous, hygienic, resistant and pleasant to the touch thanks to the velvety finish, similar to natural stone.

Óptima resistencia a los rayos ultravioletas: es compacto, no poroso, higiénico, resistente y agradable al tacto gracias a su acabado aterciopelado, similar al de la piedra natural.

Highly fire resistant: the material is practically fireproof, with Class 1 fire resistance rating.

Alta resistencia al fuego: es prácticamente ignífugo, con certificado de resistencia al fuego Clase 1.

PVC finish in Mocha, American Walnut and Matte White.

Acabados en PVC en Mocca, Nogal Americano y Blanco mate.

Large pieces, 55cm deep and 50cm tall. 2-drawer washbasin models available in 60, 80 and 100cm, which can be combined with 40cm additional modules with 1 door (opening to the right or left). Easy wall fixing & adjustable attachment systems.

Muebles amplios, con profundidad de 55 cm y altura de 50 cm. Módulos de 2 cajones para lavabo de 60, 80 y 100 cm, que se pueden combinar con módulos auxiliares de 40 cm con 1 puerta (a izquierda o derecha). Fácil anclaje a pared y sistemas de fijación regulables.

Units include an optional storage systems such as containers, dividers and a hanging wastebaskets.

Módulos que integran sistemas opcionales de almacenaje y orden como containers, separadores y papelera.

Rectangular single or double sink in glossy white finish, with overflow. Made with Solid Surface, with no mineral additives, which offers more flexibility when creating different shapes and surfaces. Its properties include excellent shock resistance and UVB resistance. In addition, its colour remains unalterable for years, without yellowing. It is also resistant to marks from some cosmetic and beauty products.

Lavabos de uno o dos senos de forma rectangular y en acabado blanco brillo, con rebosadero. Fabricados en Solid Surface sin aditivos minerales que da al producto una mayor flexibilidad en la creación de formas y superficies. Entre sus peculiaridades destaca que tiene una excelente resistencia al impacto y a los rayos UVB y que mantiene su color original a lo largo de los años, sin amarillear. Es resistente a la absorción de ciertos cosméticos y productos de belleza.

The drawers, with a handle, are completely removable to let the most pleasant use. The front parts of the doors do not have handles thanks to the Touch Latch Senso® (Push-Open) opening system.

Los cajones, con tirador integrado, se extraen totalmente permitiendo un uso más cómodo. Los frontales de los muebles están libres de tiradores gracias al sistema de apertura Touch Latch Senso® (Push-Open).

Self & soft close with new rail system which can be completely removed. The long lasting durability of drawers is assured by quality control tests (up to 20,000 times).

Apertura y cierre amortiguado con guías de extracción total ocultas soft & self close. La durabilidad de los cajones está asegurada ya que han superado con éxito hasta 20.000 ciclos en los test de control de calidad.

Leg set (optional).

Patas opcionales.

Eco friendly: furniture made in Spain with certified wood board following the chain of custody in forestry. High quality laminate.

Producto ambientalmente responsable: muebles fabricados en España con tableros de madera certificada conforme la cadena de custodia de productos forestales. Acabados laminados de alta gama.

Mod has successfully passed the high demanding tests of long-lasting durability and resistance to extreme uses (static charge or impact testing) to assure long-lasting durability of the product.

Toda la gama **Mod** ha superado con éxito exigentes tests de durabilidad y resistencia a usos extremos (cargas estáticas o test de impacto), para asegurar una larga vida al producto.

Modular Design by **Àlex Armenter**

Modular offers three types of countertop: continuous countertops with a built in sink, only available in Cristalplant©; countertops (in Cristalplant©, vitrified steel or phenolic resin) adapted for combination with our washbasins made of vitrified steel; and countertops (available in all three materials) which are equipped to install our Modular above-counter sinks. The three countertops are suitable to cover a width range from 60 cm to 3 metres.

Modular ofrece tres tipos de encimera: encimeras continuas con seno integrado, sólo disponibles en Cristalplant©; encimeras (en Cristalplant©, acero vitrificado o resina fenólica) adaptadas para combinar con nuestros lavabos para encastrar de acero vitrificado; y encimeras (disponibles en los tres materiales) con la mecanización necesaria para instalar nuestros lavabos de sobre-encimera Modular. Las tres encimeras permiten cubrir anchos desde 60 cm hasta los 3 metros.

Cristalplant© a technologically advanced and unique compound, made up of high percentage of mineral extenders from nature (ATH derived from bauxite) as well as a small one of high-pureness polyester and acrylic polymers. Strongly UV-resistant.

Cristalplant©, material compuesto por un porcentaje elevado de minerales naturales (trihidrato de aluminio –ATH- derivado de la bauxita) y un bajo porcentaje de polímeros poliésteres y acrílicos de gran pureza. Óptima resistencia a los rayos ultravioletas.

CRISTALPLANT **5** YEARS GUARANTEE AÑOS GARANTÍA

PHENOLIC RESIN

5

YEARS GUARANTEE

AÑOS GARANTÍA

Phenolic Resin: Synthetic thermosetting resin, very resistant to heat and water (5 year guarantee).

Resina Fenólica: resina sintética termoestable muy resistente al calor y al agua (garantía de 5 años).

The Grid Design by **Ricard Ferrer**

Plant resins: this is the first ecologically sustainable solid surface derived from plant resins mixed with highly pure natural minerals. Some 30% of the resin component, formerly of fossil origin, has been replaced with polyesters of plant origin from certified growers.

Resinas de origen vegetal: es el primer solid surface eco sostenible que deriva de materias primas resinosas de origen vegetal mezcladas con minerales inertes y naturales de extrema pureza. El 30% de la resina, anteriormente de origen fósil, ha sido substituida por poliésteres de origen vegetal procedentes de cultivos certificados.

Non-GMO: VOC (Volatile organic compounds) and BIO-BASED points awarded for the eco-sustainability certificate "Leadership in Energy and Environmental Design". This material has been certified as containing resins derived from vegetable starches and non-GMO corn. While the minimum requirement is 5%, these resins reach 12% in our product. 100% Recyclable: can be replaced and used at the end of life as inert.

Sin OGM: es un material idóneo para obtener puntuación VOC (Compuestos Orgánicos Volátiles) y BIO-BASED para el certificado de eco-sostenibilidad "Leadership in Energy and Enviromental Design". El material obtuvo el certificado que confirma que las resinas derivan de almidones vegetales y maíz sin OGM (organismos genéticamente modificados); en el material, dichas resinas superan incluso el 12%, cuando el requisito mínimo es normalmente del 5%. Reciclable 100%: puede ser reemplazado y utilizado al final de la vida como inerte.

CRISTALPLANT 5 YEARS GUARANTEE AÑOS GARANTÍA

Less CO_2 : 30% lighter which not only allows for easier manipulation and installation but produces less CO_2 than other similar products.

Menos CO_2: composición muy ligera, ha reducido su peso específico en un 30%, produciendo, por tanto, menos CO_2 con respecto a productos similares disponibles actualmente en el mercado, además de facilitar su manipulación e instalación.

CRISTALPLANT® BIOBASED

Matching items. The washbasin may be installed alone or attached to a one-drawer unit. Another lower module with a shelf or removable dish may be added to the set.

Elementos combinables. Se puede instalar el lavabo sólo o unido a un mueble de un cajón. Al conjunto se le puede añadir otro módulo inferior con estante o bandeja extraíble.

Practical container to store water for various purposes, such as shaving.

Práctico contenedor para retener el agua para ciertos usos como el afeitado.

Space optimisation thanks to the moveable smoked glass dividers.

Optimización del espacio gracias al sistema de separadores móviles en vidrio fumé.

Eco friendly: furniture made in Spain with certified wood board following the chain of custody in forestry. Lacquered finishing and high quality laminate. Colours unalterable over time.

Producto ambientalmente responsable: muebles fabricados en España con tableros de madera certificada conforme la cadena de custodia de productos forestales. Acabados lacados y chapados de alta gama. Los tonos se mantienen inalterables a lo largo del tiempo.

Modules with fixed shelf or sliding drawer.

Módulos con estante fijo o cajón deslizante.

2
YEARS GUARANTEE
AÑOS GARANTÍA
COSMIC

The Grid range has successfully passed the high demanding tests of long last durability and resistance to extreme uses (static charge or impact testing) to assure long last durability of the product.

Toda la gama **The Grid** ha superado con éxito exigentes tests de durabilidad y resistencia a usos extremos (cargas estáticas o test de impacto), para asegurar una larga vida al producto.

Push open & soft close: Self & soft close with new rail system which can be completely removed. The long lasting durability of drawers is assured by quality control tests (up to 20,000 times).

Push open & soft close: Apertura y cierre amortiguado con guías de extracción total ocultas. La durabilidad de los cajones está asegurada ya que han superado con éxito hasta 20.000 ciclos en los test de control de calidad.

Possibility to incorporate LED lighting (which lights up automatically on opening the drawer), sockets and 2x15 W stereo speakers with Bluetooth connection.

Posibilidad de incorporar luz LED que se ilumina automáticamente al abrir el cajón, enchufes y altavoces estéreo con conexión Bluetooth de 2x15W de potencia.

4.8 W LED wall lamps with a 4000 k neutral white light (not cold) and transformer hidden in the supporting bracket.

Apliques LED con una luz neutra (no fría) de 4000k y de 4,8W de potencia y transformador oculto en el brazo del soporte.

Mirror cabinets with fumed glass shelves.

Armarios espejo con estantes en cristal fumé.

CRISTALPLANT **5** YEARS GUARANTEE
AÑOS GARANTÍA

Washbasins with rectangular sinks and gable. The Solid Surface material, which has no mineral additives, offers more flexibility when creating different shapes and surfaces. Its properties include excellent shock resistance and UVB resistance. In addition, its colour remains unalterable for years, without yellowing. It is also resistant to marks from some cosmetic and beauty products.

Lavabos con faldón de seno rectangular. Se trata de un Solid Surface sin aditivos minerales que da al producto una mayor flexibilidad en la creación de formas y superficies. Entre sus peculiaridades destaca que tiene una excelente resistencia al impacto y a los rayos UVB y que mantiene su color original a lo largo de los años, sin amarillear. Es resistente a la absorción de ciertos cosméticos y productos de belleza.

Modules with fixed or sliding shelf.

Módulos con estantes fijos o deslizantes.

Square and round countertop washbasins made with Cristalplant©, which offers new design possibilities. Cristalplant© is a material made of a high percentage of natural minerals (alumina trihydrate [ATH] derived from bauxite) and a low percentage of high-purity polyester polymers and acrylics. Optimum resistance to UV rays.

Lavabos de sobre-encimera cuadrados y redondos fabricados en Cristalplant©, que ofrecen nuevas posibilidades de diseño. El Cristalplant© es un material compuesto por un porcentaje elevado de minerales naturales (trihidrato de aluminio -ATH- derivado de la bauxita) y un bajo porcentaje de polímeros poliésteres y acrílicos de gran pureza. Óptima resistencia a los rayos ultravioletas.

2

YEARS GUARANTEE
AÑOS GARANTÍA

COSMIC

The Grid Evo range has successfully passed the high demanding tests of long last durability and resistance to extreme uses (static charge or impact testing) to assure long last durability of the product.

Toda la gama **The Grid Evo** ha superado con éxito exigentes tests de durabilidad y resistencia a usos extremos (cargas estáticas o test de impacto), para asegurar una larga vida al producto.

Black, white or chrome trap to match the structure.

Sifones en acabados negro, blanco y cromo a juego de las estructuras.

White Cristalplant© or black phenolic resin countertops.

Encimeras blancas de Cristalplant© o negras de resina fenólica.

New black Fénix® washbasin tops. Soft touch material and high performance: micro-scratch thermal reparability, anti-fingerprint, scratch resistance, high resistance to solvents and low light reflectivity.

Nuevas encimeras negras de Fénix®. Material suave al tacto y de elevadas prestaciones: reparabilidad térmica de micro-arañazos, anti-huella digital, resistencia a los arañazos, alta resistencia a los disolventes y reflectancia mínima a la luz.

Eco friendly: furniture made in Spain with certified wood board following the chain of custody in forestry. Lacquered finishing and high quality laminate. Colours unalterable over time.

Producto ambientalmente responsable: muebles fabricados en España con tableros de madera certificada conforme la cadena de custodia de productos forestales. Acabados lacados y chapados de alta gama. Los tonos se mantienen inalterables a lo largo del tiempo.

Compact

Design by **Cosmic Studio**

Be part of the most personal moments.
The Compact bathroom collection achieves
this air of complicity, with dual functions
such as integrated storage drawers.

Ser partícipe de los momentos más personales.
Con la colección de lavabos Compact esta
complicidad se consigue, ofreciendo funciones
alternativas a la propia como los cajones
de almacenamiento integrados.

Compact Design by **Cosmic Studio**

100% recyclable: 100% of the material can be recovered.

Reciclable 100%: puede ser reemplazado y utilizado al final de la vida como inerte.

CRISTALPLANT® BIOBASED

Less CO_2: 30% lighter which not only allows for easier manipulation and installation but produces less CO_2 than other similar products.

Menos CO_2: composición muy ligera, ha reducido su peso específico en un 30%, produciendo, por tanto, menos CO_2 con respecto a productos similares disponibles actualmente en el mercado, además de facilitar su manipulación e instalación.

Solid Surface Biobased Washbasins
Cristalplant® Biobased Washbasins: unique compound material, technologically advanced, made up of 50% natural minerals (aluminium trihydrate -ATH- derived from bauxite) and 50% high-purity polyester bioresins. An inert, hypoallergenic, non-toxic material.

Solid Surface Biobased Washbasins
Lavabos de Cristalplant® Biobased: material compuesto, tecnológicamente avanzado y único, formado por un 50% de minerales naturales (trihidrato de aluminio –ATH– derivado de la bauxita) y un 50% de biorresinas de poliéster de gran pureza; se trata, por lo tanto, de un material inerte, hipoalérgico y no tóxico.

Plant resins: this is the first ecologically sustainable solid surface derived from plant resins mixed with highly pure natural minerals. Some 30% of the resin component, formerly of fossil origin, has been replaced with polyesters of plant origin from certified growers.

Resinas de origen vegetal: es el primer solid surface eco sostenible que deriva de materias primas resinosas de origen vegetal mezcladas con minerales inertes y naturales de extrema pureza. El 30% de la resina, anteriormente de origen fósil, ha sido substituida por poliésteres de origen vegetal procedentes de cultivos certificados.

Non-GMO: VOC (Volatile organic compounds) and BIO-BASED points awarded for the eco-sustainability certificate "Leadership in Energy and Environmental Design". This material has been certified as containing resins derived from vegetable starches and non-GMO corn. While the minimum requirement is 5%, these resins reach 12% in our product.

Sin OGM: es un material idóneo para obtener puntuación VOC (Compuestos Orgánicos Volátiles) y BIO-BASED para el certificado de eco-sostenibilidad "Leadership in Energy and Enviromental Design". El material obtuvo el certificado que confirma que las resinas derivan de almidones vegetales y maíz sin OGM (organismos genéticamente modificados); en el material, dichas resinas superan incluso el 12%, cuando el requisito mínimo es normalmente del 5%.

Durable and recoverable: this material regains its original appearance using soapy water and a scrubber which will eliminate even cigarette burns. The durable and recoverable nature make this is an eco-compatible material.

Duradero y recuperable: material que puede recuperar completamente su aspecto original utilizando simplemente detergentes y estropajos abrasivos para eliminar incluso las quemaduras de cigarrillo. Sus propiedades de duración y capacidad de recuperación lo convierten en un material eco-compatible.

Highly fire resistant: the material is practically fireproof, with Class 1 fire resistance rating.

Alta resistencia al fuego: es prácticamente ignífugo, con certificado de resistencia al fuego Clase 1.

Easy wall fixing. Integrated drawer.

Fácil anclaje a pared. Cajón Integrado.

Optimum ultraviolet resistance: compact, non-porous, hygienic, resistant and pleasant to the touch thanks to the velvety finish, similar to natural stone.

Óptima resistencia a los rayos ultravioletas: es compacto, no poroso, higiénico, resistente y agradable al tacto gracias a su acabado aterciopelado, similar al de la piedra natural.

CRISTALPLANT

5

YEARS GUARANTEE

AÑOS GARANTÍA

Compact has successfully passed the high demanding tests of long last durability and resistance to extreme uses (static charge or impact testing) to assure long last durability of the product.

Toda la gama **Compact** ha superado con éxito exigentes tests de durabilidad y resistencia a usos extremos (cargas estáticas o test de impacto), para asegurar una larga vida al producto.

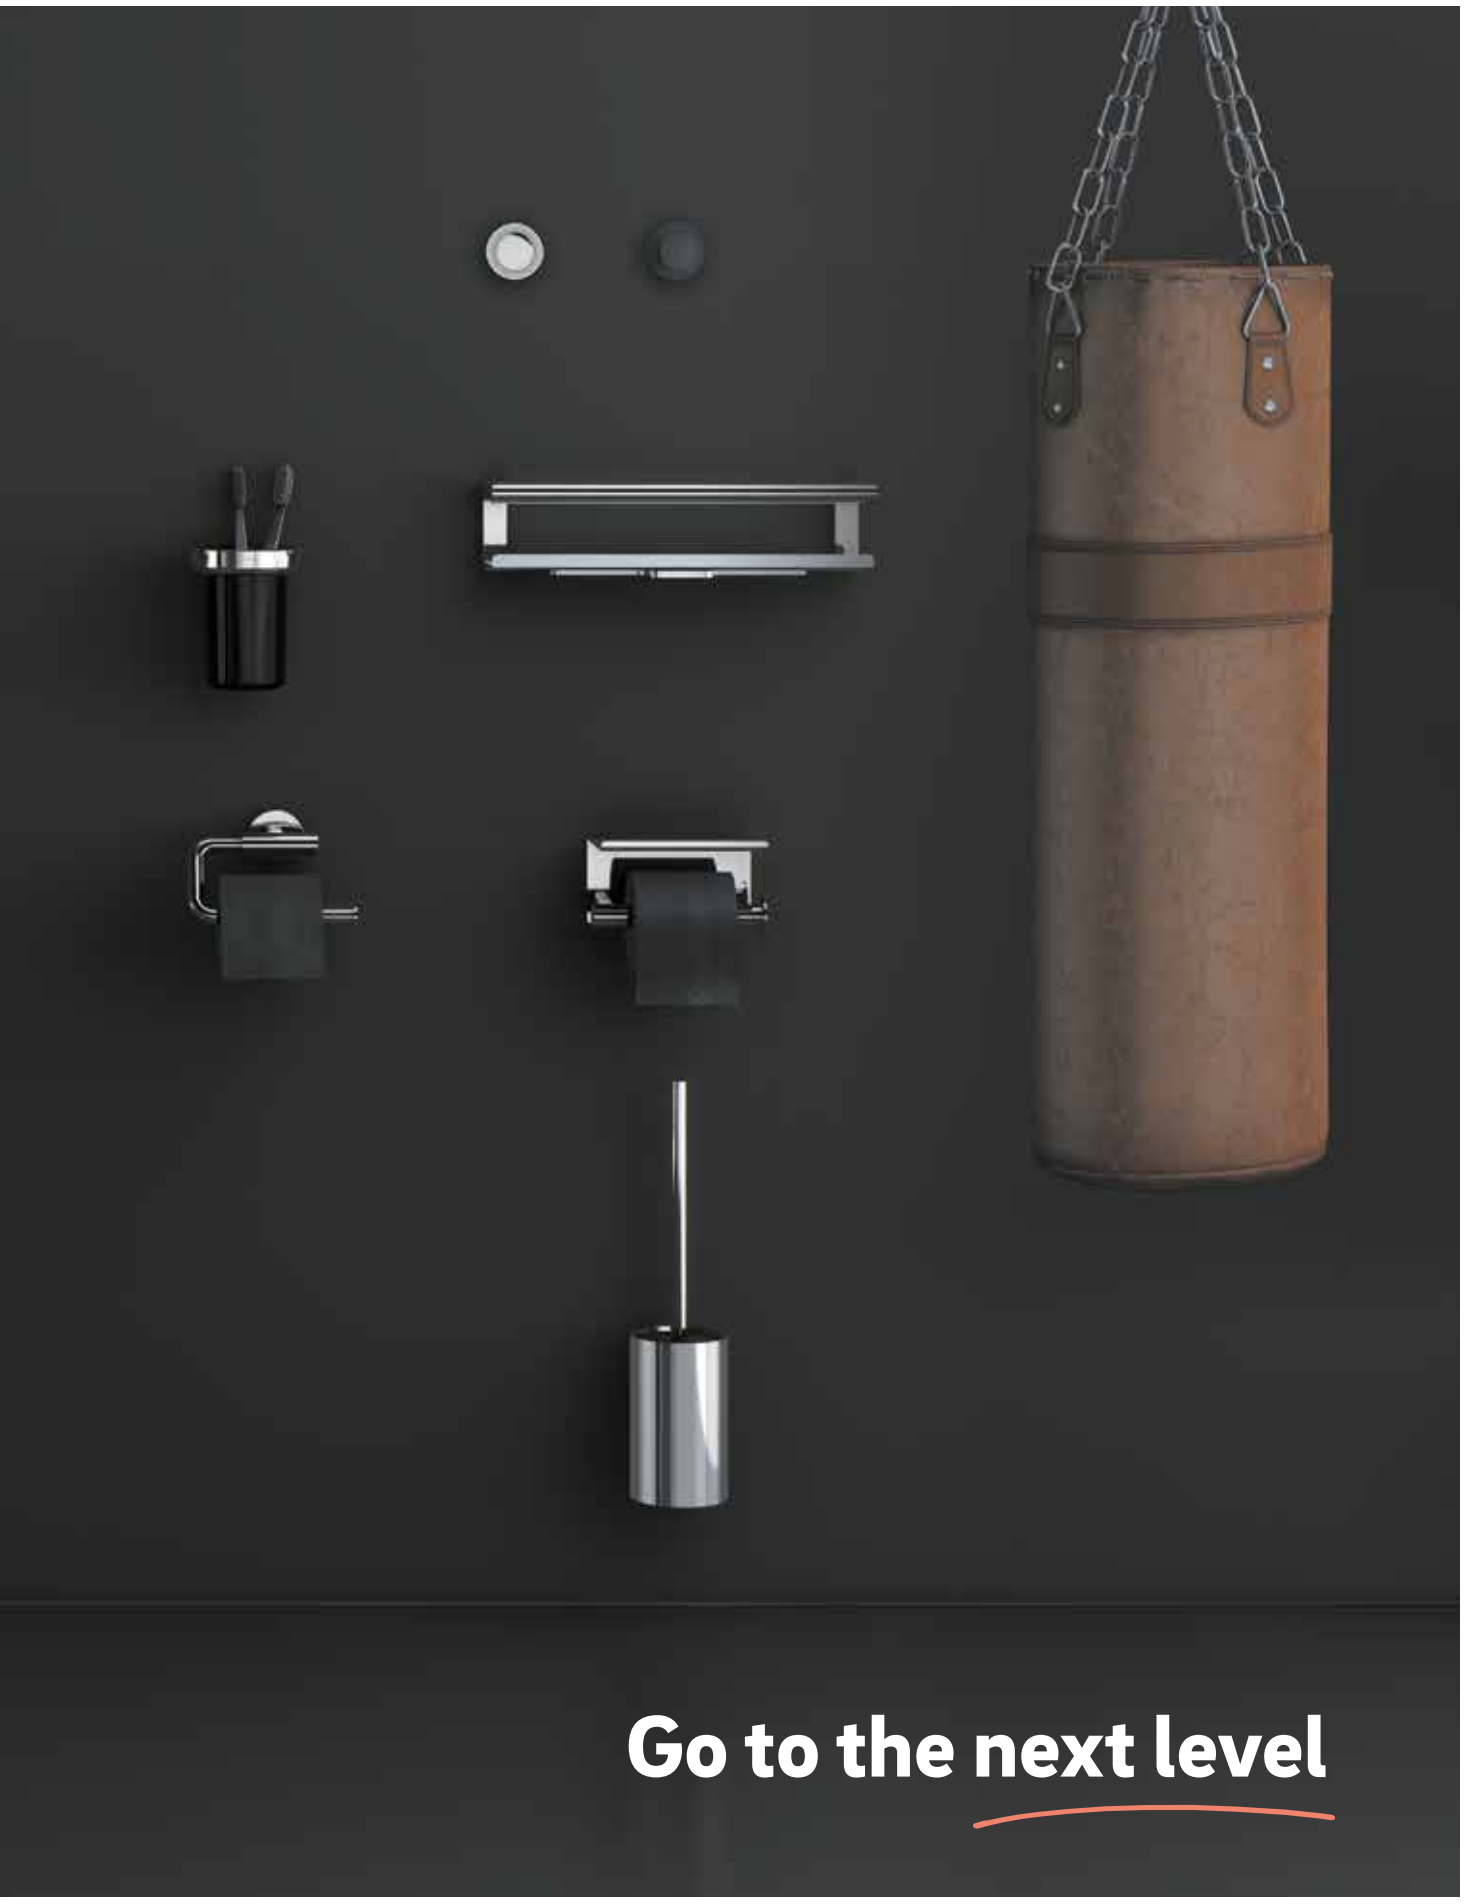
Architect S+

Design by **Cosmic Studio**



Go to the next level

Cosmic is proud to present **Architect S+**, a complete collection with over 25 different accessories designed to offer maximum functionality. This new proposal stands out for the brand-new, ultra-stable bracket system incorporated into many of the pieces. Architect S+ is safe, superior, sustainable and strong: four values close to Cosmic's heart. Because Cosmic is Innovation's Mind.

Cosmic presenta **Architect S+**, una completa colección con más de 25 accesorios diferentes pensados para ofrecer la máxima funcionalidad. La nueva propuesta destaca por incorporar en muchas de las piezas un sistema de soporte completamente nuevo, de una fijación absoluta. Architect S+ es segura, superior, sostenible y resolutiva, los cuatro valores insignia de Cosmic. Porque Cosmic es Innovation's Mind.

Mobile holder.
A useful addition to your
day-to-day life.

Soporte para teléfono móvil.
Muy útil en tu vida cotidiana.

Shower soap dish with built-in shower squeegee hidden in the base, ready to use.
Can be taken apart for cleaning.
Anodised aluminium shelf.

Jabonera que incorpora un limpia mamparas, oculto en la base y listo para su uso.
Extraíble para una mejor limpieza.
Estante de aluminio anodizado.

Wall-mounted brush-holder with translucent tumbler.
Secure attachment to the wall.
Easy to clean.

Porta cepillos de pared, incluye vaso translúcido.
Fijación segura a la pared.
Apto para la limpieza.

Soap level indicator.
Dispenser button at the bottom.
Anti-drip system.
Large capacity (400 ml).
Easy soap replacement system.

Indicador de nivel de jabón.
Accionado por pulsador inferior.
Sistema anti goteo.
Gran capacidad (400 ml).
Fácil reposición del jabón.

400
ml

Double towel rail with fixed bars.
The bars can be opened up,
making it easy to hang towels.
Sturdy bracket.

Doble toallero con barras fijas.
La obertura entre ellas facilita la
colocación de las toallas.
Soporte de gran resistencia.

3S-FIX system!

Fixing disc (wall plate)
The fiberglass mix makes the fixing disc highly resistant. It adapts to the shape of the screw to remain completely fixed.

Disco de fijación (wall plate)
La mezcla con fibra de vidrio hace que el disco de fijación sea muy resistente. Se adapta a la forma del tornillo, quedando completamente fijado.

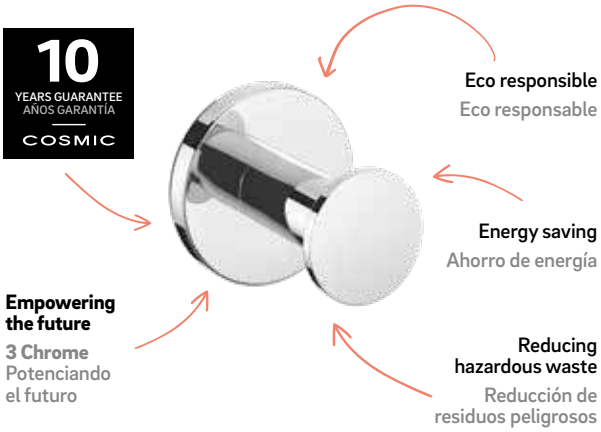
3 Chrome

Cosmic takes a huge step forward by offering the 3 Chrome finish for the new Architect S+ accessories collection

Cosmic da un paso adelante y propone el acabado 3 Chrome para la nueva colección de accesorios Architect S+



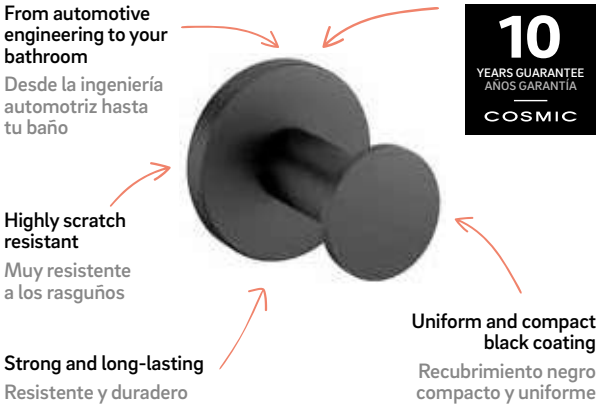
Trivalent chrome plating has been developed as an alternative to hexavalent chrome, as it is less toxic during the production process. The company is turning its attention to the environment and offering a new, **more sustainable** finish that generates **less waste** and **saves energy**. This is a truly **eco-responsible** chrome finish. The chrome plating process is the surface treatment applied to some materials in order to give them anti-corrosive properties, a greater shine and more strength. Chrome is the most popular finish in the bathroom accessories industry, so Cosmic is getting ahead of the pack by using **trivalent chrome** to launch a collection that cares for our planet.

Los baños de cromo trivalente se desarrollan como alternativa al cromo hexavalente por su menor toxicidad durante la producción. La firma toma consciencia ecológica ofreciendo un nuevo acabado **más sostenible**, ya que se **reducen los residuos** y **se ahorra energía en la fabricación**. En definitiva, hablamos de un acabado de cromo **Eco-responsable**. El cromado es un proceso electroquímico de tratamiento de superficie que se aplica a algunos materiales con los objetivos de: proveer propiedades anticorrosivas, brillo, resistencia, entre otras. Este acabado está muy extendido en el sector de los accesorios para el baño con lo que **Cosmic** se adelanta y avanza con la aplicación de **Cromo Trivalente** para lanzar al mercado una colección más responsable con el planeta.

Soft Black

Cosmic has developed a new Soft Black finish for Architect S+ with an extra matte texture

Cosmic ha desarrollado para Architect S+ un nuevo acabado Soft Black, que destaca por ser extra mate



This **innovative black coating** is the result of the application of a state-of-the-art process used in the **automobile industry** to **protect bodywork: electrophoresis**. The research and development carried out by the Cosmic team has led them to make progress in the world of **bathroom design**, by applying a process that has never before been used in this industry. Apart from its aesthetic beauty, another advantage of the new **Soft Black** is its completely **uniform** finish, which makes it **smooth, consistent** and **pleasant to the touch**. The special several-phase production process makes it highly resistant to scratches. One by one, each piece in the **Architect S+** collection with the metallic black finish is subjected to this process, which is **less toxic** than the traditional painting process and achieves better results, with a uniform thickness all over the piece and no defects such as peeling, drips due to excess paint or accumulated paint at the ends of the piece.

Este **innovador revestimiento** en **negro** es el resultado de la aplicación de un proceso muy utilizado en el **sector automovilístico** para la **protección** de las **carrocerías: electroforesis**. La investigación y desarrollo realizada por el equipo de Cosmic ha hecho posible abrir camino en el **mundo del baño**, aplicando un proceso hasta ahora desconocido en este sector. A parte del aporte estético, otro gran valor del nuevo **Soft Black** es su **uniformidad** en el acabado, consiguiendo una **textura suave, regular y agradable al tacto**. El proceso de producción en diferentes fases da como resultado una **gran resistencia** a las **rayaduras**. Una a una, cada pieza de la colección **Architect S+** con el acabado negro metálico se somete a este proceso, **menos tóxico** que el proceso de pintura tradicional y con mejores resultados ya que no se producen diferencias de espesor entre las diferentes partes de la pieza, evitando defectos como piel de naranja, gotas por exceso de cantidad o sobrecarga de pintura en puntas o extremos.

DUAL SYSTEM / **SISTEMA DUAL**

Our updated Architect collection now includes a dual installation system for installing bathroom accessories with or without a drill. Smart-fix adhesive, designed exclusively for our firm, means that bathroom accessories can be installed without drilling holes in the wall.

La colección Architect presenta como novedad el sistema de instalación dual, que permite sujetar los accesorios de baño con y sin taladros. Con el adhesivo Smart-fix, elaborado en exclusiva para la firma, se facilita el montaje sin la necesidad de hacer agujeros en la pared.

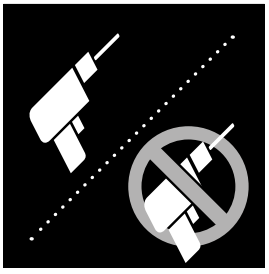
FEATURES / **CARACTERÍSTICAS**

Easy installation: double pitch screw. Hidden attachments. Anti-corrosion.

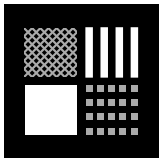
Fácil instalación: tornillo de doble paso. Fijaciones ocultas. Anticorrosión.

Architect has successfully passed the high demanding tests of long last durability and resistance to extreme uses (static charge or impact testing) to assure long last durability of the product. All products come with 10 years warranty, except for waste bins and stools, which come with 2 years warranty.

Toda la gama **Architect** ha superado con éxito exigentes tests de durabilidad y resistencia a usos extremos (cargas estáticas o test de impacto), para asegurar una larga vida al producto. Todos los artículos tienen 10 años de garantía a excepción de las papeleras y los taburetes que tienen una garantía de 2 años.



SMART FIX



Works with different surfaces*

Efectivo en diferentes superficies*

Static load of 15 kg

Carga estática de 15 KG

Impact resistance

Resistente a impactos

Removable accsserories

Accesorios removibles

Quick, easy, silent installation

Montaje sin ruido, fácil y rápido

* Ceramic, porcelain, glazed surfaces, compact marble, even surfaces with roughness up to 0.5 mm thickness.
* Cerámica, porcelana, materiales vitrificados o mármoles compactos, e incluso superficies con una rugosidad de hasta 0,5 milímetros de espesor.

Black & White

Design by **Cosmic Studio**

The classic colour contrast transforms the bathroom into a bold atmosphere or blends it in to the other components to create harmonious and diaphanous environments.

El contraste cromático más clásico permite transformar el baño en un ambiente atrevido o bien fundirse con el resto de elementos para convertir los entornos en armónicos y diáfanos.

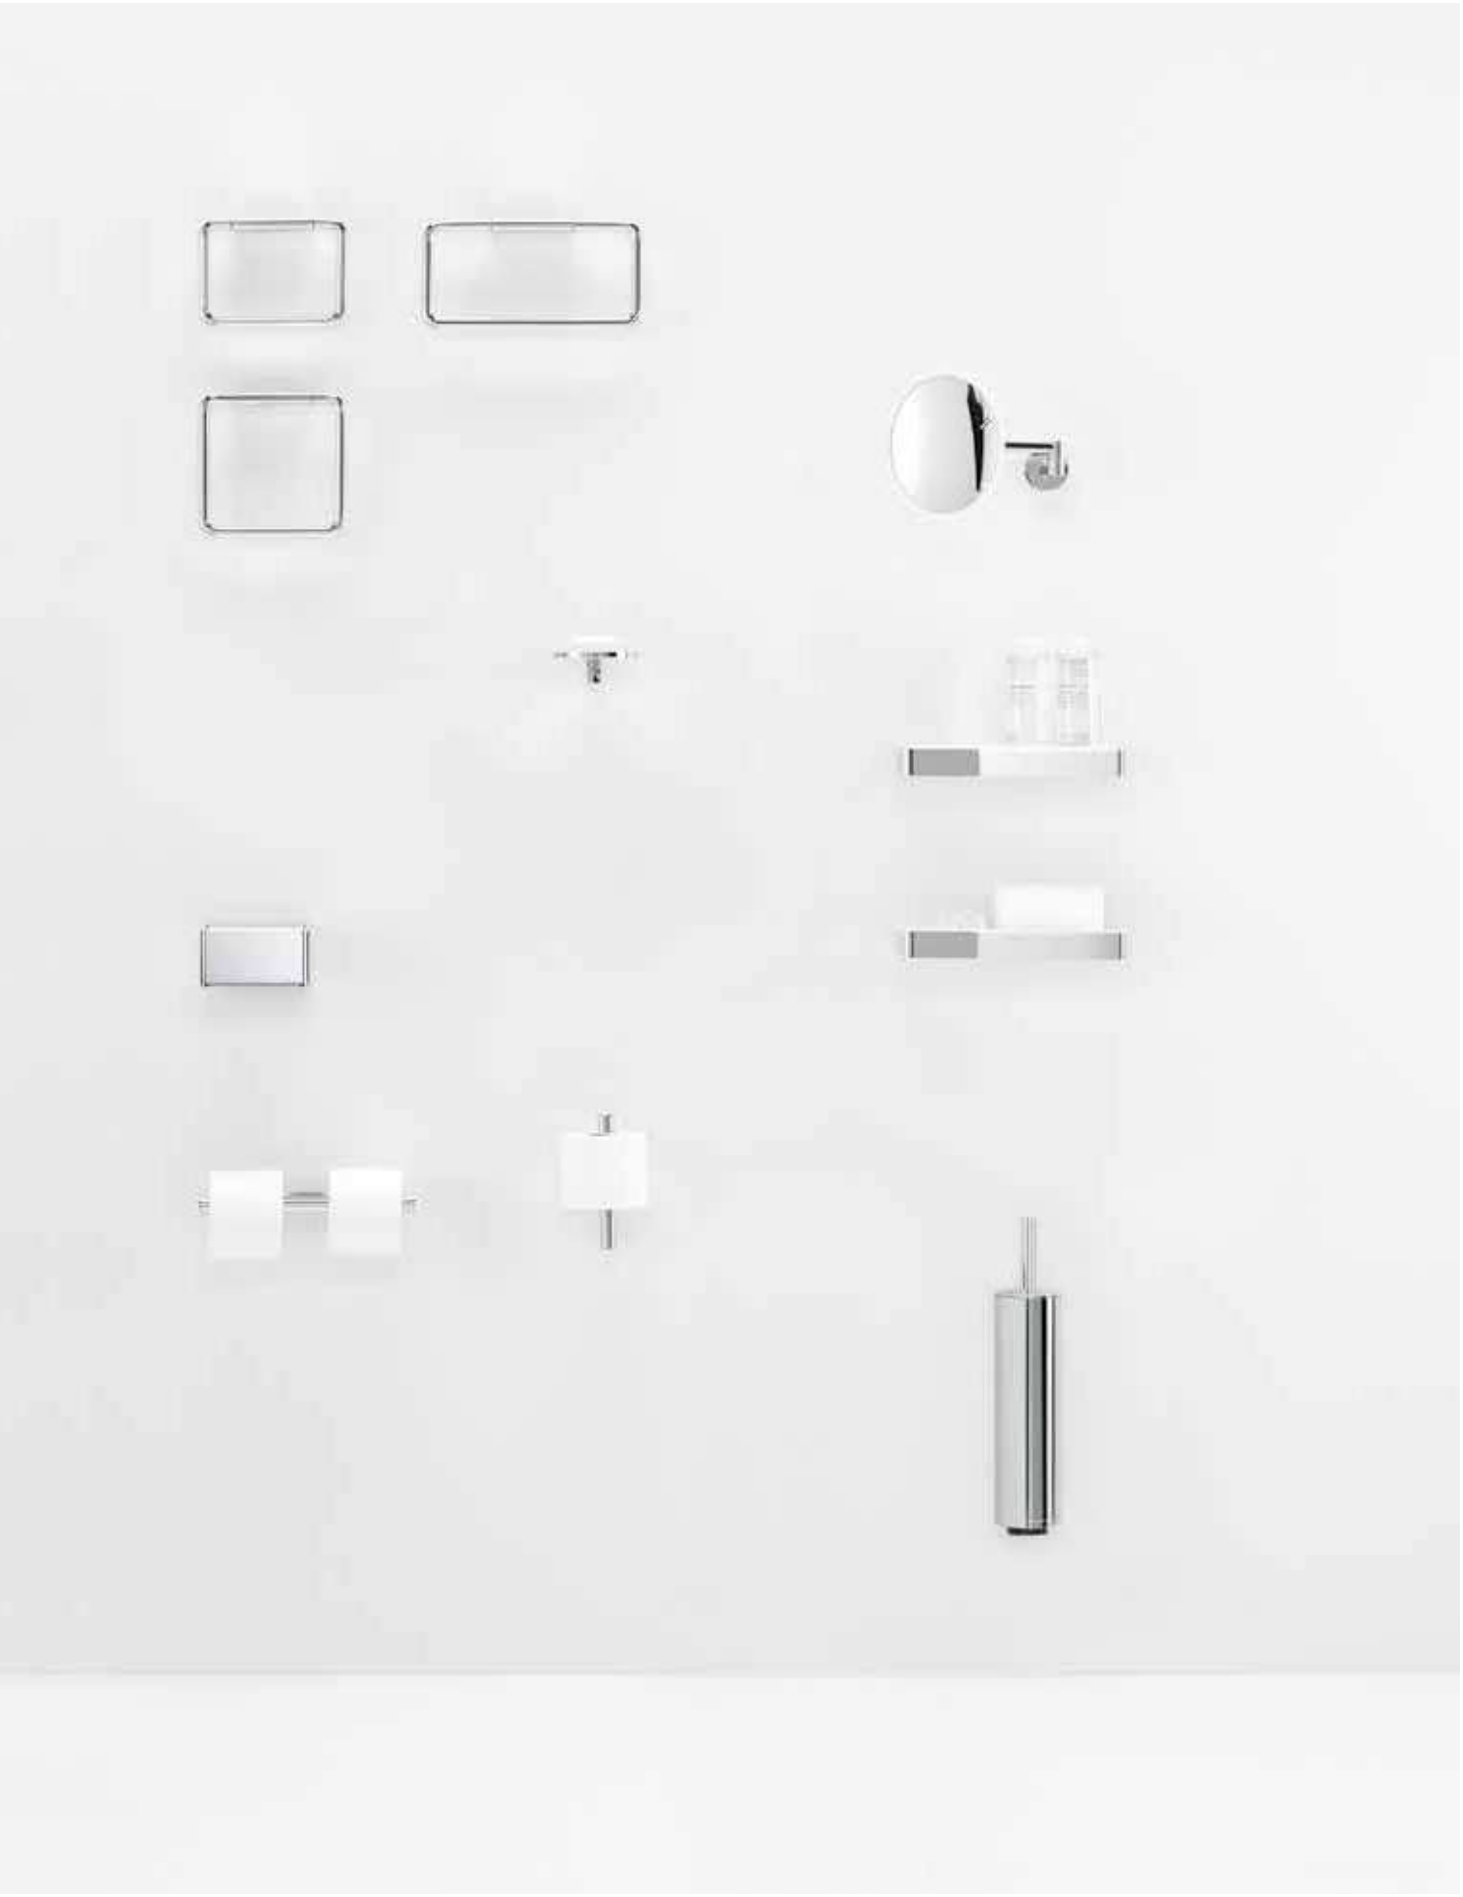
Project

Design by **Cosmic Studio**



From the amalgamation
of circular and squared forms
comes the versatility and
functionality of all its elements.

De la conjugación de formas
circulares y cuadradas, surge
la versatilidad y funcionalidad
de todos sus elementos.

Project Design by **Cosmic Studio**

10
YEARS GUARANTEE
AÑOS GARANTÍA

COSMIC

Project has successfully passed the high demanding tests of long last durability and resistance to extreme uses (static charge or impact testing) to assure long last durability of the product.

Toda la gama **Project** ha superado con éxito exigentes tests de durabilidad y resistencia a usos extremos (cargas estáticas o test de impacto), para asegurar una larga vida al producto.

FEATURES / **CARACTERÍSTICAS**

Easy installation: double pitch screw.
Hidden attachments. Support bars:
reinforced design for disabled people: 150kg.
Anti-corrosion.

Fácil instalación: tornillo de doble paso.
Fijaciones ocultas. Barras de apoyo: diseño
reforzado para minusvalías: 150 kgs.
Anticorrosión.

COSMIC

Materials

◈
FLOAT GLASS (Flat shelves and washbasin tops)
Made using standard FLOAT type glass that has undergone no subsequent treatment other than the necessary machining, cutting and polishing. Therefore, it is a naturally fragile material and despite the fact that the most appropriate density has been used in every case, special care should be taken when using it. 100% recyclable.

◇
PRESSED GLASS
(Most of the glasses and soap dishes in our collection)
A very similar material to the FLOAT glass used for the shelves, glasses, and soap dishes, etc. This molten glass is shaped in a mould. These products should be used and cared for in the same way as the shelves and washbasin tops. 100% recyclable .

◆
TEMPERED GLASS
This material is manufactured similarly to FLOAT glass, but also undergoes a thermal processing to increase its resistance. 100% recyclable.

◈
MIRRORS
Sheet of glass covered by layers of silver, copper and, finally, paint. The use of topquality raw materials in conjunction with the correct mirror manufacturing process guarantee maximum protection against stains caused by corrosion.

◐
SYNTHETIC RESIN
Is a technologically advanced and unique compound, made up of high percentage of mineral extenders from nature (ATH derived from bauxite) as well as a small one of high-pureness polyester and acrylic polymers; therefore, it is an inert, hypoallergenic and non-toxic material. 100% recyclable, practically fireproof (class 1), strongly UV-resistant, solid and nonporous, hygienic and healthy, resistant and agreeable to the touch for its velvety and natural.

◥
CRISTALPLANT BIOBASED©
Material made up of 50% natural minerals (aluminium trihydrate -ATH- derived from bauxite) and 50% high-purity polyester bioresins. Plant resins: this is the first ecologically sustainable solid surface, consisting of resins of plant origin and extremely pure natural minerals. It is an inert, hypoallergenic, non-toxic material. It is practically inflammable, certified Class 1 fire resistance. It is highly resistant to ultraviolent rays. It regains its original appearance with just soapy water and a scrubber.

●
PHENOLIC RESIN
This material is a high pressure laminate (HPL) with a decorative surface. Typically the superficial layer consists of thermo-hardened resin-treated plywood. The special texture and durability of this material makes it very resistant to impact and scratching, and it is completely waterproof. Specially designed for use in places where hygiene is of the utmost importance, this material can be cleaned frequently with active detergents, chemical agents, or organic solvents.

▣
VENEERED WOOD
MDF boards + oak veneer varnished with fine quality materials to prevent yellowing. Oak wood is a material that is very resistant to biological agents (fungus and insects). As this kind of material is natural wood, it may present knots and color variation.

■
LACQUERED WOOD
This material is made from double-faced MDF plywood. Its high quality varnish provides a bright or matte finish and prevents yellowing.
Due to its delicate lacquered surface, we recommend the use of mild cleaning products, avoiding solvents or any abrasive substances.

▣
PVC
Polyvinyl chloride (PVC) is a polyvinyl chloride polymer used to manufacture numerous products and is also applied in making boards, panels, windows, shutters, etc. Its durability, colour stability, watertightness and moisture proof properties make PVC an ideal material for bathroom and kitchen furniture. The material can be cleaned quickly and easily with just soap and water, although its resilience means most cleaning products can also be used.

△
PLASTIC
We use various technical plastics with different features to meet the manufacturing and aesthetic needs of each product. These include ABS (with or without chrome), PP, PA, PE, PC, PS, etc.

◬
ACRYLIC GLASS
The polymethylmetacrylate (PMMA) is known as one of the "engineering plastics", and is obtained through the polymerisation of methyl methacrylate. It stands out from other plastics due to the fact that it is impact resistant, weather resistant—as it does not undergo any significant ageing in ten years of outdoor exposure—resistant to UVA rays and scratch resistant. Due to its absolute transparency (it is the most transparent plastic), it is most commonly used in vehicle headlights, optics, medicine or partition panels. For use in architecture and decoration, it is lighter than glass and provides greater resistance to impact, meaning it can be a good substitute in many situations.

○
STAINLESS STEEL
It is an alloy of iron and carbon. Steel maintains the iron hardness characteristics. This steel has a special chrome treatment against the rust and oxidation. The used alloys are SS201 & SS304.

⊙
BRASS OR SIMILAR ALLOYS (glossy chrome and matt chrome)
A copper and zinc alloy—this is one of the non-ferrous metals, the proportion of which varies according to its use. It offers greater malleability than both copper and zinc separately, and it is easily refined which allows for a high level of design customization.

◉
ALUMINUM
Aluminium alloy. May be presented as solid, extruded and calibrated. Aluminium is an important metal for numerous industries, such as the automotive industry where it is most common. It is generally a soft metal with low melting points.

▩
GLASS-LINED STEEL (VIT-TECH)
Cutting-edge, 100% recyclable, non-porous and hygienic material made of fired pre-enamelled sheet steel. The vitreous enamel withstands corrosion, high temperatures and chemical agents.
This durability means it can be used for a wide range of functional applications in bathtubs, shower trays and washbasins, as well as for ovens and coatings. It is an easy to clean material that does not require special cleaning products.

TECKSTONE
Advanced formula composed by natural minerals (calcium carbonate and quartz) mixed with resin. The surface is covered by Gelcoat Premium MaxguardTM film, with plastic fibre and polymer, which provides the needed durability and resistance for an intensive daily use. It is a solid surface with excellent physic-mechanical properties that supplies important design possibilities. Its capacity of moulding allows reproducing forms with a great precision and with less curvature radius. Teckstone is very hard, resistant and compact; being a non porous material and without angles, it is very easy to maintain, the stains can be eliminated without effort and it is easy to clean.

MARBLE
Carrara Marble. Extracted from Italy's Tuscan quarries, each piece of marble is different and each stone has its own unique characteristics. Its white background has distinctive light blue-grey veins running through its surface.

Marquina Marble. Elegant and classic, each piece of marble is different and every stone has its own characteristics. Extracted from the quarries sited in Marquina (Vizcaya), it is characterized by its white veins on the black stone. The less veins it has, more appreciated is.

Brescia Marble. (Brown matt and glossy) from the region of Lombardy (Italy). It is considered as one of the most sumptuous Italian marble.

PORCELAIN
Ceramic product obtained from a sophisticated paste made up of kaolin, feldspar and quartz. Porcelain is treated with a vitrified top finish for surface hardness, colour and sheen. It is non-porous and hygienic, which makes it suitable for use in the bathroom. The vitrified finish means that it can be cleaned with any bathroom-specific product.

FÉNIX®
Soft touch material and high performance: micro-scratch thermal reparability, anti-fingerprint, scratch resistance, high resistance to solvents and low light reflectivity. FENIX® products are made of paper (more than 60%) and thermosetting resins (30-40%). They are created through a pressure process in which heat and pressure are applied simultaneously to obtain a homogeneous non-porous product. The core structure is made of paper, impregnated with thermosetting resins. The outer surface is treated with the latest generation acrylic resins, hardened and set using the Electron Beam Curing process. It does not require any special maintenance, just a damp cloth with warm water or mild detergents. To remove the most common stains the surface can be cleaned with just warm water and a non-abrasive cloth. If the residue is old or has hardened, use a magic eraser sponge or a soft cloth to remove it. Always rinse thoroughly to remove detergent with clean, preferably warm water. Tests have shown that the removal of superficial micro-scratches using a "magic sponge" takes place both immediately and after 24 hours.

CLEANING INSTRUCTIONS

Clean with a liquid domestic cleaner or with soap suds. Afterwards rinse with clear water and polish with a cloth. Do not use any cleaning agents containing acid or scouring agents. Damage caused by improper treatment is not subject to our guarantee.

Materiales

◈
VIDRIO FLOAT (Estantes y encimeras)
Realizado con vidrio tipo FLOAT estándar sin ningún otro tratamiento posterior más que la mecanización, corte y pulido necesarios. Se trata, pues, de un material que por su propia naturaleza es frágil y a pesar de que en cada caso se ha utilizado el espesor más adecuado, debe tenerse un especial cuidado en su uso. 100% reciclable.

◇
VIDRIO PRENSADO (Vasos y jaboneras de la mayoría de nuestras series)
Material muy similar al vidrio FLOAT utilizado en estantes, vasos, jaboneras... Este vidrio fundido es conformado en un molde. El uso y cuidados deben ser los mismos que para estantes y encimeras. 100% reciclable.

◆
VIDRIO TEMPLADO
Vidrio FLOAT sometido a tratamiento térmico para aumentar su resistencia. 100% reciclable.

◈
ESPEJOS
Plancha de vidrio sobre la que se aplica una capa de plata, cobre y finalmente pintura. El uso de materia prima de primera calidad, unido a un correcto proceso de fabricación de los espejos, aseguran la mayor protección contra las manchas por corrosión.

◐
RESINA SINTÉTICA
Es un material compuesto tecnológicamente avanzado y único, formado por un porcentaje elevado de minerales naturales (trihidrato de aluminio -ATH- derivado de la bauxita) y un bajo porcentaje de polímeros poliésteres y acrílicos de gran pureza; se trata, por lo tanto, de un material inerte, hipoalérgico y no tóxico. Es un material que puede reciclarse al 100%, prácticamente ignífugo (clase 1), con una óptima resistencia a los rayos ultravioletas; es compacto, no poroso, higiénico, resistente y agradable al tacto gracias a su acabado aterciopelado, similar al de la piedra natural.

◪
CRISTALPLANT BIOBASED©
Material compuesto formado por un 50% de minerales naturales (trihidrato de aluminio -ATH- derivado de la bauxita) y un 50% de biorresinas de poliéster de gran pureza. Es el primer solid surface eco sostenible que deriva de materias primas resinosas de origen vegetal, procedentes de cultivos certificados, mezcladas con minerales naturales de extrema pureza. Es un material inerte, hipoalérgico y no tóxico. Es prácticamente ignífugo, con certificado de resistencia al fuego Clase 1. Presenta una óptima resistencia a los rayos ultravioletas. Puede recuperar completamente su aspecto original utilizando simplemente agua jabonosa y estropajos abrasivos.

●
RESINA FENÓLICA
La Resina Fenólica o Stratificato es un laminado de alta presión (HPL) con superficie decorativa. En general, la capa superficial está constituida por una superficie dura, basada en resinas de melamina, mientras que el grueso está constituido por un contrachapado impregnado de resina termo endurecida que le confiere al material una excepcional resistencia al impacto. Su especial textura y su durabilidad proporcionan una excelente resistencia al rayado. Gracias a su superficie perfectamente impermeable es un material resistente al desgaste, al agua y al vapor.

▣
MADERA CHAPADA
Tableros de DM + chapa de roble barnizado con materiales de primera calidad que evitan el amarillamiento. La madera de roble es un material muy resistente a los agentes biológicos (hongos e insectos), al ser una madera natural puede mostrar nudos y presentar variaciones de color entre piezas.

■
MADERA LACADA
Tablero DM melaminado dos caras y lacado en acabados brillo y mate con barnices de primera calidad resistentes y que evitan el amarillamiento. Las superficies lacadas son delicadas y deben ser tratadas y limpiadas cuidadosamente, utilizando productos específicos para estas superficies. No usar nunca disolventes o productos abrasivos.

▣
PVC
El cloruro de polivinilo (PVC) es un polímero de cloruro de vinilo que se emplea para la fabricación de multitud de productos, encontrando aplicación en la realización de tableros, paneles, ventanas, persianas, etc. La larga durabilidad, estabilidad del color, estanqueidad al agua y resistencia a la humedad, son las características que hacen del PVC un material idóneo para muebles de baño y de cocina. La limpieza de este material es fácil y rápida y se realiza con agua y jabón, aunque por su resistencia permite el empleo la mayoría de productos de limpieza.

△
PLÁSTICO
Cosmic utiliza plásticos técnicos de distintas características en función de las necesidades de fabricación y estéticas de cada producto o pieza. Entre los plásticos utilizados están: ABS (cromado o no), PP, PA, PE, PC, PS, etc.

◬
CRISTAL ACRÍLICO
El Polimetilmetacrilato (PMMA) es conocido como uno de los "plásticos de la ingeniería", se obtiene de la polimeración del metacrilato de metilo. Destaca frente a otros plásticos por la resistencia a los impactos, a la intemperie, ya que no sufre un envejecimiento apreciable en diez años de exposición exterior y a los rayos UVA, y por la resistencia al rayado. Por su transparencia máxima (es el plástico más transparente), las funciones más habituales van desde los faros de los vehículos, la óptica, la medicina o mamparas separadoras. Para su uso en la arquitectura y decoración se beneficia de un peso menor al del vidrio y mayor resistencia a impactos por lo cual puede ser un buen sustituto en muchas ocasiones.

○
ACERO INOXIDABLE
Aleación de hierro con carbono que conserva las propiedades de dureza del hierro. Se trata de un acero con un tratamiento especial de cromo, contra la corrosión y oxidación. Las aleaciones utilizadas son la SS303 y SS304.

⊙
LATÓN O ALEACIONES ANÁLOGAS (cromo brillante y cromo mate)
Aleación de cobre y zinc, es uno de los metales no férricos, cuya proporción varía en función de su aplicación. Destaca su maleabilidad, más alta que la del cobre y zinc por separado, y fácil pulido lo cual permite un alto grado de adaptación en el diseño de las piezas.

ALUMINIO
Aleación de aluminio. Se puede presentar como macizo extrusionado, estirado y calibrado. El aluminio es un metal importante para una gran cantidad de industrias, como la del automóvil, donde se utiliza habitualmente. Tiende a ser blando y presenta puntos de fusión bajos.

ACERO VITRIFICADO (VIT-TECH)
Material tecnolócicamente avanzado y 100% reciclable que nace de la cocción de una superfície de acero esmaltada previamente. Es un material no poroso, higiénico y resistente a la corrosión, a las altas temperaturas y a agentes químicos debido a la naturaleza vítrea del esmalte. Esta característica le confiere una gran dureza permitiendo una amplia gama de aplicaciones en bañeras, platos de ducha y lavabos así como hornos y revestimientos. Es un material de fácil limpieza que no requiere la utilización de productos de limpieza específicos.

TECKSTONE
Formulación avanzada compuesta de minerales naturales (carbonato de calcio y cuarzo) mezclados con resina. La película Gelcoat Premium MaxguardTM, con fibras de plástico y polímeros, recubre la superficie proporcionando la durabilidad y resistencia que necesita el uso diario intensivo. Se trata de una superficie sólida con excelentes propiedades físicomecánicas que ofrece grandes posibilidades de diseño. Su capacidad de moldeo permite reproducir formas con gran precisión y con menores radios de curvatura. Teckstone es muy resistente, compacto y de gran dureza. Al ser un material no poroso y carente de juntas, su mantenimiento es muy sencillo, las manchas se eliminan sin esfuerzo y es de fácil limpieza.

MÁRMOL
Mármol carrara (Blanco mate y brillo). Extraído de las canteras de la Toscana italiana, cada pieza de mármol es diferente y cada piedra tiene sus propias características. Con fondo blanco tiene distintivas vetas de color azul grisáceo claro repartidas por toda la superficie.

Mármol marquina (negro mate y brillo). Elegante y clásico, cada pieza de mármol es diferente y cada piedra tiene sus propias características. Se extrae de las canteras en Marquina (Vizcaya) y se caracteriza por sus vetas de color blanco sobre la piedra negra. Cuantas menos vetas, más apreciado.

Mármol brescia (marrón mate y brillo). Extraído de las canteras de la región de Lombardía (Italia). Considerado uno de los mármoles italianos más suntuosos.

PORCELANA
Producto cerámico que se obtiene a partir de una pasta muy elaborada compuesta por caolín, feldespato y cuarzo. La porcelana es tratada con un acabado final vitrificado que da a la superficie la dureza superficial, color, brillo, no porosidad e higiene idóneos para su uso en el baño. Este vitrificado permite limpiarla con cualquier producto destinado a la limpieza del baño.

FÉNIX®
Material suave al tacto de elevadas prestaciones: reparabilidad térmica de micro-arañazos, anti-huella digital, resistencia a los arañazos, alta resistencia a los disolventes y reflectancia mínima a la luz. Los productos de FENIX® están realizados de papel (más del 60 %) y de resinas termo endurecedoras (30-40 %). Están creados por un proceso de presión en el que el calor y la presión se aplican de manera simultánea para obtener un producto homogéneo no poroso. La estructura del núcleo está compuesta de papel, impregnado con resinas termo endurecedoras. La superficie exterior está tratada con resinas acrílicas de nueva generación, endurecidas y fijadas con el proceso Electron Beam Curing. No requiere ningún mantenimiento especial, solo un paño húmedo con agua templada o detergentes suaves. Para las manchas más comunes es suficiente con limpiar la superficie con agua templada usando un paño no abrasivo. Si los residuos son antiguos o se han endurecido, usar una esponja mágica o un paño suave para eliminarlos. Siempre enjuagar a fondo para eliminar el detergente con agua limpia, preferiblemente tibia. Las pruebas han demostrado que la eliminación de micro arañazos superficiales mediante “esponja mágica” tiene lugar tanto inmediatamente como después de 24 horas.

INSTRUCCIONES DE LIMPIEZA

Las superficies pueden limpiarse con productos de limpieza líquidos o con agua jabonosa. (Tener en cuenta las instrucciones de uso del fabricante de detergentes). A continuación aclarar con abundante agua y pulir con una gamuza.No utilizar productos de limpieza que contengan ácidos, vinagre o que sean abrasivos.No nos responsabilizaremos si los desperfectos se producen a causa de un manejo inadecuado.

Sales conditions

EXPORT GENERAL SALES CONDITIONS

1
The sales of INDUSTRIAS COSMIC S.A.U. are ruled by the herewith detailed general sales condition and the delivery of any order implies the buyer's acceptance of these general conditions.

2
The products can be modified, replaced or cancelled at any time and all information of any kind included in our catalogues, price lists or advertising materials are indicative.

3
Orders received from customers or through our salesmen are always subject to our previous approval and are considered confirmed unless otherwise specified.

4
No order accepted by INDUSTRIAS COSMIC, S.A.U. can be amended or cancelled without our approval. The customer, as far as he is concerned, cannot return any goods to us without our previous acceptance or consent.

5
Goods will be invoiced in accordance with our current price list at the moment of shipment. The prices are F.O.B. Barcelona for orders above € 1,500; for orders below € 1,500 goods will be shipped under Ex-Works conditions.

6
Unless otherwise agreed, the payment terms are:
-Irrevocable Letter of Credit at sight
-Advanced Bank Transfer
-Cash Against Documents

7
INDUSTRIAS COSMIC, S.A.U. offers two years guarantee, in exception of the indicated in the price list, against raw material and manufacturing defects. The guarantee is valid from the time of purchase by the final customer. To confirm the date of purchase, the invoice of the consumer should be provided. The guarantee consists of the replacement of the defective piece that impedes the regular use of the item, except in case of improper use, incorrect assembly or installation, natural wear and tear, improper maintenance or, chemical, electrochemical or electrical influences. We are not responsible for all the damage brought about by misuse or bad installation of the products and won't accept any indemnities for the replacement of defective pieces or any demands for damage.

8
INDUSTRIAS COSMIC, S.A.U. always try to minimize the customer service time and to meet the lead time requirements on our customers' orders as much as possible. In case we cannot satisfy them, customers will be duly advised.

9
Ordered COSMIC products will be delivered under reservation of title in favour of INDUSTRIAS COSMIC, S.A.U. until all payment obligations by the purchaser have been met in full.

10
In case of outstanding payments, the return and bank expenses are on the purchaser's. INDUSTRIAS COSMIC S.A.U. has the right to block all orders accepted as long as the outstanding payments are not sorted out.

11
In case of claims regarding the interpretation or execution of the herewith sales conditions, will be competent the courts of our head office's jurisdiction.

12
COSMIC provides information on the certifications with which we comply as a manufacturer. It is the responsibility of the fitter to know the local certifications required in the relevant country.

Condiciones de venta

CONDICIONES GENERALES DE VENTA EXPORTACIÓN

1
Las ventas de INDUSTRIAS COSMIC, S.A.U. se realizan según las condiciones generales aquí expuestas y la entrega de cualquier pedido supone la aceptación, por parte del comprador, de dichas condiciones generales de venta.

2
Los productos se pueden modificar, reemplazar o suprimir en todo momento y la información de cualquier naturaleza contenida en nuestros catálogos, tarifas o material publicitario es indicativa.

3
Los pedidos recibidos directamente de los clientes o realizados por nuestros representantes en nombre de ellos siempre estarán sujetos a nuestra aceptación. INDUSTRIAS COSMIC, S.A.U. da por confirmados todos los pedidos recibidos y, si no hay notificación específica se entenderán como aceptados.

4
Ningún pedido aceptado por nosotros se podrá retractar ni anular sin nuestra aceptación. El cliente, por su parte, no podrá efectuar ninguna devolución de mercancía sin nuestro consentimiento previo.

5
La mercancía será facturada de acuerdo con nuestra tarifa vigente en el momento del envío. Los precios serán F.O.B. Barcelona para pedidos superiores a 1.500€. Los pedidos inferiores a 1.500€ serán enviados ExWorks.

6
De no existir otro acuerdo, las condiciones de pago serán:
-Letra de crédito irrevocable a la vista
-Transferencia por avanzado
-Contado contra documento

7
INDUSTRIAS COSMIC, S.A.U. ofrece una garantía de 2 años, excepto en los casos indicados en la tarifa, contra todos los defectos de materia prima y fabricación válida a partir del momento de adquisición por parte del cliente final. A fin de determinar la fecha de adquisición será imprescindible la presentación de la factura de compra. Esta garantía consistirá en la sustitución de la pieza que determine su irregular funcionamiento, salvo por razones de uso inadecuado, montaje o instalación incorrectos, mantenimiento indebido, desgaste del uso diario o defectos provocados por reacciones químicas, electroquímicas o eléctricas. La garantía excluye de responsabilidad a INDUSTRIAS COSMIC, S.A.U. de todas las consecuencias derivadas del funcionamiento o instalación de nuestros productos y esta no reconoce ninguna indemnización por la sustitución de artículos defectuosos ni demanda por daños y perjuicios.

8
INDUSTRIAS COSMIC, S.A.U. intenta siempre reducir al máximo los tiempos de servicio al cliente, ajustándose en lo posible a los requisitos de plazo solicitados expresamente en el pedido y, en caso de no poder satisfacerlos, se enviará una notificación.

9
Los productos marca COSMIC, objeto de pedido, se entregarán bajo reserva de dominio a favor de INDUSTRIAS COSMIC, S.A.U. hasta el total cumplimiento de las obligaciones de pago por parte del comprador.

10
En caso de impagados, se incurre en un cargo por devolución, más los gastos de financiación actuales en el mercado. INDUSTRIAS COSMIC, S.A.U. se reserva el derecho de retener los pedidos en curso hasta solucionar los efectos pendientes.

11
Las disputas referentes a la interpretación o a la ejecución de estas condiciones generales de venta pasarán a ser competencia de los tribunales de nuestra jurisdicción.

12
COSMIC aporta la Información de las certificaciones que cumplimos como fabricantes. Es responsabilidad de los instaladores conocer las certificaciones necesarias en cada país.
