A GLOBAL AND CLOSE COMPANY

EMPRESA GLOBAL Y CERCANA

Bathco posee un marcado carácter internacional. Forma parte de nuestra naturaleza. La idea de llevar nuestros productos a todo el mundo está en nuestros genes. Lo que nos ha llevado a estar en los cinco continentes y en más de 90 países.

Bathco stands for a strong international character. It is part of our nature, and the reason why nowadays we have presence on each continent and more than 90 countries alongside the world.

Puede parecer una contradicción pero no lo es. Bathco es una compañía tan global como cercana que mantiene su esencia, con una estructura sencilla, sin grandes jerarquías pero lo suficientemente fuerte y cohesionada como para garantizar que todo funcione de forma ágil y con garantías.

It might seem contradictory; however, it is not. Bathco is as global as close company that keeps its essence with a simple structure, no big hierarchies, yet, strong enough and unified to ensure everything runs nice and smoothly with all warranties.

CREATING EXPERIENCES

CREAMOS EXPERIENCIAS

Consideramos que somos únicos porque trabajamos con el objetivo de ser excelentes en lo que hacemos, de ir siempre más allá. Desde el diseño de un producto, pasando por la fabricación hasta la relación con cada uno de nuestros públicos. En todos nuestros procesos y en todos nuestros ámbitos esa es nuestra principal premisa. Trabajamos a diario por llevar creatividad, innovación y excelencia al ámbito del baño.

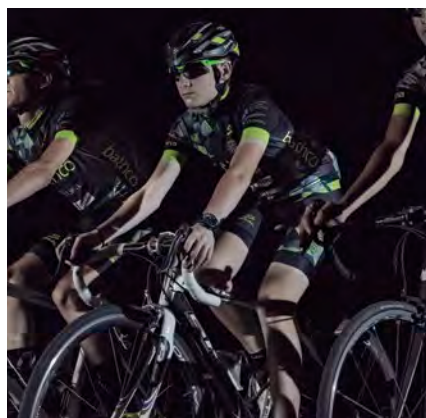

We consider ourselves unique since we aim to excellence in all we make, always reaching the extra mile. From the product design process, through production and customer relationship with each customer, all processes and procedures are under this sole premise. Working hard every day to bring on creativity, innovation and excellence to the bath ware scope.

COMPROMISO SOCIAL

Para nosotros es fundamental contribuir de una forma responsable y proactiva con el entorno en el que desarrollamos nuestra actividad y con el conjunto de la sociedad en general. La máxima expresión de este compromiso social es la creación de nuestra Fundación Social y Deportiva Bathco (www.fusodeba.com) con la que impulsamos aquellos proyectos que tienen como fin último fomentar el deporte entre los más jóvenes y poner en marcha programas sociales entre los colectivos más desfavorecidos.

Bathco's philosophy key element is collaborating in a responsible and proactive way caring about the environment where we develop our business and the society as a whole. The ultimate expression of this commitment is the creation of our Bathco's Social and Sports charity (FUSODEBA) boosting sports among youngsters and implementing social projects within deprived communities.

INNOVACIÓN Y DIGITALIZACIÓN

Dentro del proceso de innovación hemos puesto en marcha un plan de digitalización que mejora nuestros procesos y nos permite conectar personas, datos y procedimientos, contribuyendo al crecimiento y la mejora de la productividad.

Integramos soluciones de software y hardware enfocadas a mejorar la relación con el cliente (ERP y CRM), los procesos productivos (tecnología 3D) y nuestra capacidad de respuesta en el ámbito logístico con nuevas opciones de paletización y terminales de radiofrecuencia.

Alongside the innovation process, we have set in motion a digitalization's plan that contributes to improve our business processes and enable us to connect with people, data and procedures, improving our development and productivity.

This plan has taken us to put together software and hardware solutions related to customers (CRM, ERP), productive processes (3D technology) and a high qualified logistic response (with new palleting opportunities and radio frequency terminals (RFT)).

Naturaleza

Toda piedra contiene una pieza en potencia, no hay más que vaciarla para dar con ella. Es como permitir que las cosas sean por sí mismas, dejando obrar a la naturaleza, para transformar después el material que recibimos en algo, si cabe, aún más valioso.

Nature

Every stone contains a potential piece of art, you just need to carve it away to find the essence within. It feels like things are per se, allowing nature to do its own work for later transforming the material we get into something else even more valuable.

Mármol Beige y Negro

Piezas naturales en mármol beige y negro, con acabados abujardados, pulidos o estriados, siempre con la intención de otorgar distinción a un espacio cotidiano.

Beige and Black marble

Natural pieces in black and beige marble with hammered, brushed or striated finishes - always trying to distinguish by elegance the everyday atmosphere.

Acabado metálico

El metal ha llegado para quedarse de la forma más democrática posible. Democrática porque se adapta a todo tipo de ambientes, ya sean de aire clásico, minimalista o transgresor.

Metallic look

Metal is here to stay in the most democratic possible way. Democratic since it is flexible to adapt to different atmospheres, either classic, minimal or transgressive.

Fortaleza

La arquitectura se rinde a sus formas, con aleaciones que conservan las propiedades del acero en estado puro con elementos que mejoran sus propiedades físico-químicas.

Strength

Architecture surrenders to its shapes, with alloys that preserve steel features in unalterable with particles that improve its physical – chemical attributes.

Los nuevos acabados mate, el diseño facetado de las griferías y las distintas soluciones de soportes y encimeras, dinamizan la estética del baño, convirtiéndose en piezas escultóricas y decorativas que aportan inspiración y distinción.

Inspiration

New mat finishes, faucets faceted design and different holders' solutions and top counters boost the bathroom aesthetics.

Balance

La suma de los factores enriquece el resultado final. Y es que la grifería, pedestales, soportes, válvulas y platos de ducha son primordiales para convertir el baño, en un baño perfecto.

Balance

The sum of each detail enhances the final result. And complements like pedestals, valves, faucets, brackets and shower trays, are paramount to turn the bathroom into a perfect one.
