Zellige 10x10cm

Demosaica ofrece el tradicional zellige, hecho a mano en arcilla esmaltada y tallado por nuestros artesanos mediante el uso de menqach. La producción de Zellige implica cortar las piezas esmaltadas en una colección interminable de formas y tamaños de azulejos.

Zellige, también conocido como Zilij o Zelij, se caracteriza por variaciones de tono, brillo, planitud, transparencia y profundidad del esmalte, así como una textura superficial con irregularidades. Cada mosaico de Zellige es único.

Zellige 10x10cm

Terracota y zellige

Demosaica offers the traditional Moroccan zellige, handcrafted in enameled clay and carved by our artisans through the use of the menqach. Zellige production involves cutting the enamelled pieces into an endless collection of tile shapes and sizes.

Zellige, also known as Zilij or Zelij, is characterised by variations of tone, shine, flatness, transparency and depth of the glazing as well as a surface texture with irregularities. Each Zellige tile is unique.
