LINES

Lines explora la pureza de la geometría a través de ritmos verticales y volúmenes depurados. El juego de acanalados y superficies lisas aporta textura y profundidad sin renunciar a la sobriedad formal. Una propuesta equilibrada donde la linealidad se convierte en lenguaje y el detalle en identidad.

Lines explores the purity of geometry through vertical rhythms and clean volumes. The interplay between fluted textures and smooth surfaces adds depth without compromising formal restraint. A balanced proposal where linearity becomes language and detail defines identity.
